Body in Swamp Believed That of Missing Vancouver Man

MURDER SUSPECTED BY SPOKANE POLICE

VANCOUVER, Sept. 22 (CP).—The body of a man found in a swamp in Spokane, Wash., who, police there believe, was murdered more than a year ago, is believed by authorities here to be that of Henry Wallace McBain, former wholesale fruit dealer of Vancouver, and husband of Mrs. George McBain, of Seventeenth Avenue East, Vancouver.

NEVER HEARD FROM
McBain disappeared from Vernon five years ago, leaving his wife and year-old son. She has not heard from him since.

McBain was well known in Vancouver as a member of Jamieson & McBain, wholesale fruit dealers, with offices on Water Street from 1916 to 1926. In the latter year he married Georgina Barton, of Sandon, B.C., moving to Los Angeles. A year later they returned to Canada, going to Bridgeton, Alta., where he kept a butcher shop. In 1928, they moved to Smithers, B.C., and a few months later to Vernon, where McBain was employed by a fruit packing company.

LEFT NO CLUE
He left the Okanagan city the same year without leaving a clue as to his destination and had not been heard of until Washington police recovered a body in a marsh in the city park last week, which has been

JUSTIFIES PART TAKEN BY GOV'T

Premier Ramsay MacDonald Appeals for Continuance of National Cabinet

KILMARNOCK, Scotland, Sept. 22 (CP).—In a speech which amounted to a justification of the part he had played in the formation of the National Government nearly two years ago, Prime Minister J. Ramsay MacDonald tonight appealed to voters in this Scottish constituency for the continuance of the Administration.

The meeting followed closely upon an announcement that a by-election was imminent in the riding through the elevation of Craigie Aitchison, Lord Advocate, to the Scottish judicial bench. Mr. Aitchison was the only National Laborer returned in Scotland in the general election held in October, 1929.

LABOR NOT SERVED
The working classes in the country were not having their interests served by the Labor section in opposition, the Premier said, and he was not going to allow the great movement, in the making of which he "had a little hand," to be misled.

"The end of party politics two years ago was essential," the Premier said. "It was not merely a question of the distribution of wealth, but the existence of wealth itself. The cost-of-living figure a year ago was 145, but it now is 141." Continuing, Mr. MacDonald said the National Government could not look the housewife in the face. Legislation would be introduced at the next session of Parliament to deal with the unemployed. He hoped this would prevent them from regarding themselves as "down-and-out and hopeless wrecks."

SEVERELY TESTED
Democracy had been severely tested during the last two or three years, he said. The Premier wondered how far the National Government of Great Britain had given democracy an energy the world over that had preserved it again and again.

Noted Flyers Are Awaiting Good Weather

TORONTO, Sept. 22 (CP).—James and Amy Molison, famous British long-distance flyers, said tonight definitely they would not take off on their projected 6,300-mile hop from Wausau, Wis., to Baghdad, Iraq, before Monday.

In an explanation of the Molisons' decision, R. A. Leader, general manager of the De Havilland Aircraft Company in Canada, said the aviators would not leave until they had two successive daily weather reports indicating favorable conditions over the route they will follow.

DAMAGES AWARDED

REGINA, Sept. 22 (CP).—L. Embury, in court today, was awarded \$202 special damages and \$12,500 general damages by a jury hearing his case against the Canadian Pacific Railway for loss of a foot while in the railway's employ.

Well Armed for Cuban Political Strife

IN No. 1 Cuban air officers are shown in the role of elevator operators in the National Hotel, Havana, where the staff has gone on strike and care of the building is in the hands of army officers gathered there in defiance of Grau San Martin's Government. In No. 2 are two leaders of the newly-formed revolutionary army of students, organized to help the Government maintain order.

Soviet Alleges Japanese Mean to Violate Treaty Rights

MOSCOW, Sept. 22 (AP).—The Soviet Government made a sharp protest today against Japan's alleged intention to violate Russian treaty rights in the management of the Chinese Eastern Railway. The specific charges were that Manchurian authorities, under direction of the Japanese Government, "intend rudely to violate the rights of the Soviet manager of the railway, making him dependent on a Manchurian assistant. The Soviet Government accordingly warns that a realization of police measures will be regarded as a violation of treaty obligations and as an inadmissible attempt to seize the railway."

Ontario War Veteran Says Nurse Accused of Murder Rescued Him From Drowning and Restored Him to Health in France

OSHAWA, Ont., Sept. 22 (AP).—An Oshawa Great War veteran said today he had written California authorities telling them if a nurse, Miss Freda Weitz, who saved his life twice during the war, is convicted of a murder charge for which she is held at Santa Cruz, he would like to take her place either in prison or on the gallows. He stipulated, he said, that the woman look after his wife for the rest of her life.

ACT WILL COME INTO FORCE SOON

Reorganization of Pension Machinery Under Way—Commissioners to Be Named Yet

OTTAWA, Sept. 22 (CP).—Notice was contained in the current issue of The Canada Gazette that amendments to the Pensions Act would come into force on October 1 next. These amendments require a drastic change in the set-up of pension machinery and reorganization has been going forward for a week, with no official announcement forthcoming as yet.

The old board of pension commissioners of three members will become the Canadian Pension Commissioners, with not less than eight and not more than twelve members. The traveling pension tribunal of nine members will be disbanded, while the pensions appeal court of three members will remain a part of the system.

W. B. Cornell Appointed Fruit Commissioner

OTTAWA, Sept. 22 (CP).—W. B. Cornell, Ottawa, has been named Canadian fruit commissioner to Great Britain. Announcement of the appointment was made here tonight. The new appointee will take up his post in London shortly. In the interests of the development of the fruit trade in the British Isles.

For the past three years Mr. Cornell has been chief of the markets division, Department of Agriculture.

President of Labor Council Defends Integrity of Chief Magistrate

STORMY SESSION IS HELD AT CITY HALL

At a hectic meeting, marked chiefly by bitter debate and interruptions, the public works committee yesterday decided to instruct the City Council to hold a special meeting for the purpose of going over all relief department matters to clear the air for all time in connection with allegations made by John Day, former Provincial Government relief investigator. The meeting saw Mayor David Leeming defending the impeachment of his character as a public official, and the president of the Trades and Labor Council, Harry Owen, jumping into the breach to declare that the organization he represented in no way questioned the integrity of the Mayor or the council as a whole.

DRAMATIC INCIDENTS
Many dramatic incidents occurred during the session, as the Mayor bore the brunt of accusations made by John Day, which the latter refused to specify.

"This man, fifteen months ago, said I ought to be in jail," Mayor flung across the council chamber as he pointed a directing finger at John Day. "He was doing all he could at the time to defend the \$500,000 money-by-law, and telling people I ought to be put in jail. That man hates me, and has been doing everything within his power to damage my position as Mayor of this city. Thank God I have enough British blood in me to fight back and crush this sort of stuff that bespeaks nothing but

FARMERS GIVE AN ULTIMATUM

Vote to Declare Strike if Demands Refused by President

DES MOINES, Ia., Sept. 22 (AP).—The United States Farmers' Holiday Association meeting today voted unanimously to declare a farm strike on all products and ask the co-operation of labor, if its demands embodied in N.R.A. codes are not complied with by the administration. The group of 1,200 persons, representing approximately eighteen of the country's forty-eight states, adopted a resolution which declared: "We recommend that the board of directors of the National Farmers' Holiday Association appoint a committee to present these terms to the President. And if he fails to comply we will withhold all farm products from the markets and we direct all state organizations to hold a strike call in readiness."

ROBBERS CARRY OFF POSTOFFICE SAFE

NORTH BATTLEFORD, Sask., Sept. 22 (CP).—Robbers who entered the general store of J. Fairweather at Wawa, Sask., during the night, carried away the 350-pound postoffice safe, containing \$1,000 in cash, money orders and postal notes.

Armed Revolt in Cuba Grows as Leadership Deadlock Continues

Plan of Government Under President Grau Offered to Opposition Factions

FOOD SHORTAGE IS FEARED IN HAVANA

HAVANA, Sept. 22 (AP).—Already entangled in a maze of political, military and economic problems, the Government of Ramon Grau San Martin faced a new menace, tonight, as armed rebellion flared in at least two sectors, including the adjacent province of Matanzas.

While his best political minds sought to find a way out of the deadlock between Grau, and his leading opponents, the army of students and soldiers sought to suppress the outbreaks.

OFFERS FORMULA
A formula, which Havana University professors hoped would placate the political situation, was drawn up and submitted to the opposition factions for consideration.

It authoritatively was said to include a provision that Grau remain as chief executive, but with sharply restricted powers, including one that he could not demand the resignation of Cabinet members.

The plan also was said to include provisions for the naming of a concentration cabinet, responsible to an opposition junta representing all factions.

REBELS ARE ADVANCING
Rebels, estimated to number 600, were moving through Matanzas Province, cutting communication lines as they headed for the town of Colon, in the center of the province, said reports from that area.

ASKS DOUBLE WHEAT QUOTA

Russia Dissatisfied With Exports Allotted Under International Agreement

LONDON, Sept. 22 (AP).—The big four wheat-exporting nations failed to reach an understanding at a meeting today with Soviet Russia on her demand she be allowed approximately double the exports allotted under the recent international agreement, but observers thought they saw a bright side to the picture.

Informed circles understood the negotiators were confident the matter could be ironed out.

The Russian delegate stated his stand for a larger figure than 44,000,000 bushels set by the wheat accord and then left before the conclusion of the meeting in which representatives of Canada, the United States, Argentina and Australia participated.

Another meeting was planned for next week. Instructions may be sought from the home governments by some of the delegates in the meantime.

IMPOSSIBLE TO SATISFY
It was pointed out, however, that if it is impossible to satisfy Russia and she decides to go ahead with the export of any amount of wheat outside the agreement, this still would not mean the collapse of the wheat pact. The other nations naturally would carry on, it was said.

If Russia started dumping wheat at cut prices, it was added, this would precipitate an entirely new situation which would have to be met by the other nations at the time. It was emphasized, however, that Russia was not expected to do anything of the sort.

Making Annual Inspection of Services Across Canada

E. W. Beatty, K.C., president of the Canadian Pacific Railway, accompanied by D. C. Coleman, vice-president of Western lines, Winnipeg; A. E. Whitmore, Regina, and J. W. Hobbs, president of Consolidated Plate Glass Company, Toronto, will arrive in Victoria aboard the Ss. Empress of Asia this afternoon.

The president of Canada's great railway system is making his annual inspection of the company's varied services throughout the country, and will remain in Victoria until tomorrow night, when he is expected to leave on his return East.

Encouraging Figures Quoted by Commerce Department at Ottawa

THIRTY PER CENT INCREASE SHOWN

OTTAWA, Sept. 22 (CP).—Reports indicate that Canada is regaining her world trade in manufacturing and semi-manufactured articles, according to a statement issued by the Department of Trade and Commerce. August figures are particularly encouraging in this respect, it is stated.

"Eliminating wheat and other grains, which are Canada's principal raw products sent throughout the world, the Dominion exported other commodities totaling \$7,844,000, an increase of \$8,742,000, or 30 per cent, over the corresponding month last year," according to the statement.

TRADE WITH UNITED STATES
"Canadian trade with the United States of such commodities showed the most marked increase, amounting to nearly \$5,500,000, or 45 per cent. Total exports to the United Kingdom showed a drop of 17 per cent, but exports of Canadian commodities other than grains showed an increase of more than \$1,000,000, or 10.8 per cent."

"Exports to other countries, after grains have been eliminated totaled \$9,000,000, an increase over August of last year of \$2,350,000."

Canada has practically captured the lumber market of Australia, and stands in a fair way to benefit considerably from the pending increase in building activities there.

RESULTS OF TREATY
"In the latter part of 1931 a new trade agreement between Canada and Australia was negotiated. Results from this new agreement are shown in Canada's exports to Australia in the first half of 1932, when they totaled \$1,291,000 feet, and for the first half of this year they increased further to \$4,770,000 feet, or 88 per cent, out of Australia's total lumber imports of \$9,402,000 feet," the report said.

Shipments from Eastern Canada to the Australian market are practically negligible.

ONE KILLED IN FREIGHT WRECK

Accident Delays Jury for Trial of Lytton Murder Case

PRINCE GEORGE, Sept. 22 (CP).—Traffic was resumed today on the Canadian National Railway line running south from here, following the wreck of a freight train near Urrling, B.C.

An unidentified man riding in one of the cars was killed, and passenger traffic was held for several hours until the wreckage was cleared.

Ten jurors en route here for the Paul Aszite Court session, before Mr. Justice D. A. McDonald, were delayed by the wreck and the court postponed from yesterday until today.

Second trial of John Edward Earl, charged with killing Lee Man Bing, Chinese, at Lytton, November last, is the only criminal case on the docket.

The jury disagreed at the first trial after the court had rejected a statement allegedly made by police by Earl shortly after his arrest, admitting the killing.

MOTORMAN IS REMANDED

VANCOUVER, Sept. 22 (CP).—John Coulter, motorman, was remanded one week on a technical charge of manslaughter when he appeared in court today. The charge was laid after four-year-old V. Ebata had been killed by an interurban tram operated by Coulter. The child ran into the path of the tram at a downtown intersection last night.

WOULD ABOLISH RELIEF CAMPS
Trades Congress Favors Contributory Unemployment Insurance

WINDSOR, Ont., Sept. 22 (AP).—The Trades and Labor Congress of Canada, nearing the end of its annual convention, today passed resolutions pledging the executives of the provinces and the Dominion to appeal to Provincial and Dominion Governments to abolish relief camps at which men are fed, clothed, sheltered and paid twenty cents a day.

The resolutions came at the end of a stormy session of the convention.

Passage of the relief camp resolutions followed heated debate on the camp system by numerous delegates and a charge by President Thomas Moore, of Ottawa, that he had been misrepresented in Government literature as favoring the scheme, whereas, in fact, he was opposed to it.

MOTION IS DEFEATED
A resolution urging the abolition of provincial legislatures was defeated, after several delegates had said there was "too much buck passing" between the Provincial and Federal Administrations.

The convention voted, however, in favor of abolition of the Senate. It agreed, too, there should be contributory unemployment insurance, and voted down a proposal for non-contributory unemployment insurance.

New Water Connection Authorized

An end to the Victoria-Oak Bay water connection dispute was reached at yesterday's meeting of the public works committee, when it was decided to recommend to the council that the connection with the new twenty-inch feeder main be authorized.

Discussion of the question and legal angles of the dispute were taken up in camera to protect the city's interests in any litigation that might be decided upon.

The most interesting phase of the decision, however, was that, after hearing the legal opinion and also the Mayor, comptroller and water commissioner on the advisability of granting the connection, Alderman John Worthington, who has fought against the connection for two years, cast his lot in favor of the recommendation to the council.

MOTORMAN IS REMANDED

VANCOUVER, Sept. 22 (CP).—John Coulter, motorman, was remanded one week on a technical charge of manslaughter when he appeared in court today. The charge was laid after four-year-old V. FILE CLAIM FOR DAMAGES

Suit Brought Against Premier Brownlee—Serious Charge Made

EDMONTON, Sept. 22 (CP).—An order permitting service of a statement of claim upon Hon. J. E. Brownlee, Alberta Premier, was issued in Alberta Supreme Court Chambers today.

The application for the order was made by Neil D. Maclean, K.C., counsel for Allan D. Macmillan and Vivian Macmillan, after the counsel had filed a statement of claim in Supreme Court against the Premier, in which unstated damages were asked for alleged seduction of Vivian Macmillan by the Premier.

The first-named plaintiff is the father of the second, and is a resident at Edmonton, Alta., according to the statement of claim.

The statement of claim alleges the Premier arranged to have the girl come from her home at Edmonton, in 1930, and arranged for her to get a position with the Provincial Government. It charges the Premier seduced the girl first in the fall of 1930.

DENIES ALLEGATION

Premier Brownlee, asked for a statement over long-distance telephone in Ottawa, said:

"I have received by long distance the contents of the statement of claim. While one regrets to have to face a case of this kind, still it will enable me to come to grips with rumors that have been spread abroad through the province for some weeks. There is not a word of truth in the allegations against me, and I will defend the action to the limit and hope to show before I am through the real cause behind it."

INQUIRY IS ORDERED AFTER HECTIC FIGHT OVER RELIEF COSTS

Continued from Page 1

personal spite," the Mayor declared, as the audience sat electrified by the tenaciousness of the situation.

DEFENDS INTEGRITY

It was at this juncture that Harry Owen jumped to his feet and defended the Mayor by declaring that the Trades and Labor Council in no way questioned the integrity of his Worship or the council as a whole.

The Mayor opened the discussion on the relief question by first defining what he believed to be the council's position in the matter.

"First of all the public has elected its representatives to the council to conduct its business. The Victoria Ratepayers' Association and the Trades and Labor Council both had candidates for the field, but they were not elected," he said.

RESPONSIBLE GOVERNMENT

"We are here for the purpose of governing the city, and I think we should be allowed to govern the city without having to call in outside critics to tell us how to run the business. If we called in these outside bodies, why we would be operating on the very opposite principle to responsible government," he continued.

"If any person has any specific complaint, let him make it. We have yet to receive one specific complaint against the relief department," he concluded.

John Day's letter to the public works committee was then read, in

which general charges of inefficient administration were made.

Mr. Day was then invited inside the council hall, as also was Mr. Owen, but the latter declined, stating that he was not prepared to debate the question, inasmuch as he had not had time to read the relief committee's report submitted at a previous meeting. He did reiterate, however, that he thought the last meeting completely whitewashed the investigation of the relief department.

When asked to give a specific instance of whitewashing, however, he refrained from answering.

Mr. Day then took the floor, and said that last week one side of the question had been heard, and now he had had before the council his side of the question. He wanted to know which was right—his letter of accusation or the relief committee's report of a week ago in answer to a list of questions submitted by Alderman Walter Loney.

"What period does your letter deal with?" the Mayor asked.

"That makes no difference," Mr. Day replied.

"It makes this difference, that after I was in office three months, the discrepancies of the 1931 relief accounts were rectified, and there have been none since," the Mayor retorted.

"SOMETHING WRONG"

"I still went on after you came into office. I think the general public believes all this inasmuch as I have read this letter and I can't find a single one. May I ask Mr. Day what definite charge he makes?" Alderman J. D. Hunter asked.

"Mr. Day says he has made a definite charge against the relief department. I have read this letter and I can't find a single one. May I ask Mr. Day what definite charge he makes?" Alderman J. D. Hunter asked.

NO REJECTED CLAIMS

"There never have been any claims returned to my office. Certain accounts have been disputed, and will continue to be disputed, but never has there been any rejected claims."

Mr. Day referred to a number of foremen who were employed on a water main project in 1931 and 1932, and said that claims had been rejected on this work.

Alderman P. R. Brown interrupted to point out that this was done by the 1931 council, before the present Mayor and aldermen were in office. As soon as the discrepancies were discovered, they were rectified.

GREAT ADVOCATE

"Mr. Day is a great advocate of protecting the city's money, and boasts of having cut thousands of dollars out of the city's relief account to the Government. I think he is trying to straddle the fence when he makes that claim."

"If he is protecting the city's interest, why is it that he allowed 17 cases of mothers' pensions to be sent to the city. Our investigators worked on this list, with the result that only eight or nine cases were accepted by the city."

"It is the man," Alderman Peden declared, "that says he is saving the city's money. He's like the young man in the regiment who thought everyone was out of step except himself."

Alderman Peden advanced the opinion that Mr. Day was before the council on behalf of Mr. Day rather than the ratepayers of the city.

POINTS OF VIEW

"That is what you think," Mr. Day retorted.

"You were working for the Provincial Government. We have our own point of view," the Mayor interjected.

Again answering accusations from Mr. Day that he had struck thousands of dollars from the city's relief accounts, the Mayor read a list of disputed items, showing that less than \$800 had been deducted by the Government from the city's

CONFIDENTIAL REPORT

"That report was confidential," the Mayor replied.

"You aren't showing the report because of its reflection," John Day shouted from the rear of the hall.

"I tell you that report was given to me by Mr. Bruhn on the distinct understanding that once I had read it and replied to it, the report should be mailed back to him," the Mayor flung back.

"That report was replied to categorically, and so long as I am Mayor, it will remain confidential. It was at this point that the Mayor made his stand as previously mentioned, and Mr. Owen, of the Trades and Labor Council did not question his integrity or that of the council."

When the storm had abated, the Mayor informed Alderman McEwen that he would try to get the report again for the council on the understanding that it would be returned to him. However, this will depend on the attitude of the Government.

Alderman Todd's notion that the council probe the report until it was put and carried unanimously.

Fire Prevention Drive Will Open Early Next Month

THE week commencing Sunday, October 8, has been appointed throughout Canada by the Dominion Government as Fire Prevention Week.

At the request of J. A. Thomas, Provincial Fire Marshal, the Victoria and District Fire Insurance Agents' Association has again consented to organize the campaign.

The school boards of Victoria, Oak Bay, Esquimalt and Nanaimo will again be urged to support the association's endeavors. Last year the association received 2,865 essays written by school children on fire prevention work.

CLAIMS OUT OF A TOTAL OF \$150,000

The Mayor also read the report from the provincial relief office for the month of June in which it was said the sum of \$28 was being withheld pending investigation. This was the only amount in dispute out of a total of \$150,000 for the month, the Mayor declared.

IS SURPRISED

"I'm surprised," Mr. Day remarked smilingly.

Of course you are surprised. Anything recent about the relief department apparently surprises you," the Mayor answered.

ALDERMAN CHIEF

Alderman Brown, member of the relief committee, seconded the motion. He felt that this was the only way to clear up some of the confusion that had been cleared up, "but it is a pity that we have to go to all this trouble simply because a member of this council does not study his committee reports thoroughly before voting upon them. I am compelled to remind the alderman that he voted for every recommendation this year from the relief committee."

most picturesque of Cuban rebels, was in the hills with an army estimated variously at from a dozen to 2,000 men.

Mr. Day then again referred to his letter and pointed out that Hon. J. W. Jones had informed him that the Mayor's statement that the Minister of Finance had put the city's relief department was run efficiently, was not correct.

"I've asked Mr. Jones about that very statement of yours and he won't substantiate it. Do you really want to know what he did say?" the Mayor asked.

"TROUBLESOME" MAN

"He did," John Day retorted.

"Gentlemen," the Mayor asserted, addressing members of the council, "I want to know if you think I am a liar. We have here your own statement that I have placed before him and makes me out to be a liar."

"Do I, as Mayor of this city, have to put up with this sort of thing? You can't get anything out of him. What's the use of bothering any more?" the Mayor concluded.

Alderman Andrew McEwen, at this point, asked if it would be possible to have a report of R. W. Bruhn, former Minister of Public Works, laid before the council. This report was mentioned in Mr. Day's letter and apparently referred to relief matters.

FOOD FOR ONE WEEK

The food problem in Havana had not improved. The strike of warehousemen continued. It was estimated foodstuffs now in the stores would be exhausted within a week.

The amount of food in the warehouse is comparatively small and the cargoes on the docks are tied up because of financial conditions. The consignees are said to be financially unable to pay cash to release the shipments, while the consignors refuse to extend credit.

The Government relaxed its watch over the five hundred army officers besieged in the National Hotel for two weeks, who have demanded that Grau resign in favor of Carlos Manuel de Cespedes, former provisional president. Colonel Fulgencio Batista, chief of the armed forces, agreed to supply 300 rations daily.

tentatively identified as that of McEwen.

Investigation revealed that the body had been in the water about eighteen months, and that McEwen had disappeared from a farm at Fairfield, near Spokane, in April of last year.

A year ago he was reported dead at Kelso, North Dakota, but investigation under the report under Spokane authorities now believe that McEwen may have been killed at that time last year and the report invented by the slayer to draw suspicion from him.

FAIL TO FIND MAIL ROBBERS

Daring Crime Committed When Ontario Postal Carrier Is Held Up

BELLEVEILLE, Ont., Sept. 22 (CP).—An organized police search of the surrounding countryside having failed to apprehend the wanted man, belief spread tonight that a robber, who held up a Trenton mail carrier near Trenton early today, had made good his escape through the police nets by means of a motor car and aid from companions.

Howard Clarke, crippled mail carrier, received the mail from the Toronto-Montreal train today and proceeded toward Trenton. He had not gone far before a man asked him for a lift and climbed into the back of his car. When Clarke reached the turning to lonely Wooler Highway the man halted him, opened registered mail bags and escaped, police believe, with a total of \$18,000 for the month, the Mayor declared.

AGREEMENT NEAR OF FOUR POWERS ON DISARMAMENT

the drafting of a treaty to begin when the conference reconvenes at Geneva on October 16.

THE PARTICIPANTS

In addition to Mr. Davis, those participating in the day's conference were Sir John Simon, British Secretary for Foreign Affairs; Joseph Paul-Boncour, French Foreign Minister, and Lord Tyrrel, the British Ambassador.

The disarmament talks at the conference lasted three hours, with Stanley Baldwin, lord president of the council, who is vacationing in France, one of the guests, although he did not participate officially in the discussions.

MUSOLINI'S PLAN

ROME, Sept. 22 (AP).—It was learned tonight a Mussolini disarmament plan has been written by the Italian foreign minister, Galeazzo Ciano, and his secretary during the past fortnight.

The pact was reported to have been presented at Paris informally during the disarmament discussions, and ending with the confident figures of the various nations concerned before formal presentation at Geneva and it has been communicated to Germany.

The details have not yet been revealed, but it was stated the plan was confined to general principles without specific details. It was believed it concerned principally with reconciling the viewpoints of Germany and France.

Diplomatic circles said it provided a method by which Germany can attain at least technical disarmament without complete rearmament.

most picturesque of Cuban rebels, was in the hills with an army estimated variously at from a dozen to 2,000 men.

Mr. Day then again referred to his letter and pointed out that Hon. J. W. Jones had informed him that the Mayor's statement that the Minister of Finance had put the city's relief department was run efficiently, was not correct.

"I've asked Mr. Jones about that very statement of yours and he won't substantiate it. Do you really want to know what he did say?" the Mayor asked.

"TROUBLESOME" MAN

"He did," John Day retorted.

"Gentlemen," the Mayor asserted, addressing members of the council, "I want to know if you think I am a liar. We have here your own statement that I have placed before him and makes me out to be a liar."

"Do I, as Mayor of this city, have to put up with this sort of thing? You can't get anything out of him. What's the use of bothering any more?" the Mayor concluded.

Alderman Andrew McEwen, at this point, asked if it would be possible to have a report of R. W. Bruhn, former Minister of Public Works, laid before the council. This report was mentioned in Mr. Day's letter and apparently referred to relief matters.

FOOD FOR ONE WEEK

The food problem in Havana had not improved. The strike of warehousemen continued. It was estimated foodstuffs now in the stores would be exhausted within a week.

The amount of food in the warehouse is comparatively small and the cargoes on the docks are tied up because of financial conditions. The consignees are said to be financially unable to pay cash to release the shipments, while the consignors refuse to extend credit.

The Government relaxed its watch over the five hundred army officers besieged in the National Hotel for two weeks, who have demanded that Grau resign in favor of Carlos Manuel de Cespedes, former provisional president. Colonel Fulgencio Batista, chief of the armed forces, agreed to supply 300 rations daily.

tentatively identified as that of McEwen.

Investigation revealed that the body had been in the water about eighteen months, and that McEwen had disappeared from a farm at Fairfield, near Spokane, in April of last year.

A year ago he was reported dead at Kelso, North Dakota, but investigation under the report under Spokane authorities now believe that McEwen may have been killed at that time last year and the report invented by the slayer to draw suspicion from him.

Ontario Strikers Stage Big Parade

STRAITFORD, Ont., Sept. 22 (CP).—About 2,000 strikers and sympathizers took part in a monster parade today in support of the 800 furniture workers, who today started the second week of their strike for higher wages and for recognition of the Chesterfield and Furniture Workers' Union.

Deputations from the locals of six international and one national union of railway employees joined the parade, which also included a large number from the unemployed association.

BYRON JOHNSON OUTLINES PLAN

Liberal Stand on Unemployment Explained by Candidate for Victoria

Frank admission that the Liberal party, if placed in power on November 2, would not bring about a miraculous change for the better, but would attempt a policy of "fairness to all," was made last night by Byron Johnson, candidate on the Liberal ticket for Victoria, in an address to members of Ward Three Liberal Association.

Mr. Johnson dealt mainly with the unemployment situation and the proposed remedies of the Liberal party. Concerted co-operation on the part of all governments was the only solution, stated Mr. Johnson. "We could allow the depression to run its course, leaving in its wake deflation and demoralization, but this would not answer our present problem," he declared.

ADVOCATES RECOVERY ACT

The speaker spoke on President Roosevelt's N.R.A. and stated that it was proving successful. He advocated a similar programme for Canada. Unemployment would be reduced by such a move, which, Mr. Johnson explained, was in line with the policy of the Liberal party. "Instead of asking assistance from the Federal Government for construction of public works, we should go to Ottawa and demand it," he declared emphatically. This was necessary if any relief at all was to be given unemployed now.

CAMPS CRITICIZED

Mr. Johnson strongly criticized the relief camps put into operation recently. "These camps are degrading to the young men of today who should all be given an opportunity of following the trade or line of business in which they are trained," he said. "This would necessitate a change in the superannuation laws, but such a plan was feasible."

In regard to his own stand, Mr. Johnson stated he would rather see two men working four hours each than one man working for eight hours, while the other walked the streets jobless.

Woman's Nerve Foils the Bandit

ANCOOVER, Sept. 22 (CP).—Miss Kay Holt, clerk in the Canadian Windows Bakery, Davie Street, foiled a holdup attempt tonight.

Just before closing time a man walked into the store, put his hand in his coat pocket and pointing towards her, said: "Hand over the money."

Miss Holt, who was alone at the time, said: "If I do I will have to make it up myself," and added, "Someone is liable to come in at any moment."

The would-be bandit, after a hesitant look at the clerk, turned and fled.

DELIVERS ATTACK ON NEWSPAPERS

V. R. Midgley, C.C.F. Election Candidate, Addresses Victoria Electors—W. B. Caird Speaks

Following his bitter attack on newspapers, declaring their reports could not be believed, V. R. Midgley, C.C.F. candidate in Victoria, in speaking in Sir James Douglas School auditorium, last night, gave an eloquent address, quoting newspaper articles and statistics to support his arguments.

"Newspapers as the 'voice of the people' are a spent force," Mr. Midgley declared. "They are owned by the Liberals and Conservatives in Victoria." He contended that newspapers had not made the fact plain that he was a candidate chosen from the trades union group of the C.C.F., and quite apart from the Trades and Labor Council of the city.

PREDICTS FAILURE

"Millions of workers now idle will never work again under capitalism. It is no longer possible, owing to mechanization of industry throughout the world, and everything produced cannot be absorbed," the speaker emphatically told the gathering.

Turning to the National Recovery Act, as being carried out in the United States, he predicted failure for it. Referring to statistics he found in newspapers, he quoted that during the past four months in the United States, employment had increased 12 per cent, but on the other hand production was increased 38 per cent, while no market was open to absorb it.

With the cry "no security for anyone under capitalism," Mr. Midgley explained that the C.C.F. should gain full power in the Federal Government, would not conscript private property of working individuals, namely, his house and lot, personal belongings and modest bank account. Only those who had gained their fortune at the expense of others, and those in control of the national resources of the country, would lose those possessions.

TRANSFER FUNDS

In concluding his address, the speaker spoke on relief, which he declared was being curtailed in order to transfer funds to sinking fund accounts, low provincial and Federal and national, are now so enormous that they cannot, nor ever will be paid, he declared.

"W. B. Caird, also a C.C.F. candidate in Victoria, appealed to the audience to consider the future of their sons and daughters. He said that under the capitalist system, they would soon be reduced to standards of living known centuries ago.

WORKMEN'S COMPENSATION

"Workmen's compensation, practically no longer exists," Mr. Caird said. "In the past, compensation was figured on the work of each day, but now it is calculated on that of the year. In this way the Provincial Government pays out less, as in many cases the claimants are workers who have been employed irregularly throughout the year. A number of cases men have

MANY USES FOR SEED OF POPPY

East Indian Tells Court Part Played by Product as Food and Drink

The gathering of poppy heads by several East Indians, held as being contrary to the Narcotic Drug Act, which has been made the subject of actions taken against them by the Royal Canadian Mounted Police, was advanced another stage in the city and the Saanich police courts yesterday. Adjournment was then taken until Monday and Tuesday. All the evidence is in the charge laid against Beru. In the Sohan charge, in the Saanich court, the case against Ditto is in progress, while that against Sohan is to come. All are defended by Stuart Henderson.

An interesting account of the methods employed in the preparation of opium from poppies as practised in the Punjab, India, was submitted to the court by Sohan, one of the accused, when he appeared as a defence witness for Beru. He said that the white seeded poppies, which were the kind complained of here, were not the best variety for the production of opium.

Black seeded ones were used mostly in India. Just as the flowers were falling from the plant, the operators about sundown tapped the capsules by using a special knife. From the cutting there oozed a milky substance, which was collected. It was from this that the opium was made.

The dry capsules were not used for the purpose in India. In that country the great majority of the people knew nothing about morphine.

The witness also told of the use of the East Indians make of the seeds of the poppy. In doing this they grind the seeds with a mortar, and a rich milky substance comes forth. By mixing sugar, nuts and milk with the flour so produced, a very fine basis for a nourishing drink is the result. The seeds are used to make buns, etc.

The dry capsules were not used by East Indians in the way suggested by the prosecution in this case. They were sometimes used for making a poultice for application to a boil.

DOUKHOBORS USE SEEDS
In the vicinity of Grand Forks he had seen from 100 to 150 acres of poppies grown by the Doukhobors for the purpose of making foodstuff from the seeds.

To R. A. Wootton, who appeared as counsel for the Crown, the witness said that opium was not in the dried heads of the poppies which were produced in court.

Beru, one of the accused, testified that he had grown the poppies

taken from him for the purpose of exterminating the exterminating the files which had killed his mangels the year before. It was understood that the poppies killed these pests.

He did not know that his countrymen sowed the poppy heads to get a drug from them. They used the seeds only.

NOT INSECTICIDE
William Downes, Dominion entomologist, testified that the growing of the poppies among the mangels would be useless in counteracting the ravages of the insect pests complained of.

E. P. W. Bolds, of the Royal Canadian Mounted Police, who had served six years with the British army in India, testified that he had seen East Indians stewing the whole heads of the poppies and making up a drink, which was against the regulations and the law.

Corporal J. Howe, of the Royal Canadian Mounted Police, in his evidence relating to the arrest of Ditto, whose plantation of poppies was on the old airport, Lansdowne Road, testified the accused said that he did not know it was wrong to grow poppies. Ditto had said "one man drink one pound a day, he no die."

The analysis of the poppy-head samples made by Horace Tomlinson, Dominion analyst, from the samples taken from Ditto's collection, showed on one case 27 per cent of morphine, which was 1.29 grains to the ounce. The other one gave .25 per cent, or 1.18 grains to the ounce.

As compared with the samples taken from the collection of Beru, these were higher in the percentage of morphine.

ASSIZE SITTING IS NOT LIKELY

Nothing Is in Sight for the Regular Court Session Scheduled for October 2

There is now little prospect that the Criminal Assizes set for here on October 2 will be held. With no cases set down to come before the court at that time, it is expected that the sitting will not be held, and no jury will be brought together for the occasion.

As it stands now, it would be possible to carry into effect the necessary steps to summon jurors, but the time is getting perilously close to allow of this being done and no cases are in sight for trial.

It is expected, therefore, that for the first time in many years, the Assize sitting set down will not be required.

OAKALLA HELD MODEL PRISON

British Columbia Institution Demonstrates Savings in Last Twelve Months

Oakalla, as a Provincial Institution, is a going concern, according to Attorney-General Pooley. In the fiscal year 1932-33, ending March 31 last, credit balances through manual arts of the inmates saved \$15,085.73 for provincial taxpayers.

These were as follows: Motor license plates manufactured, \$6,563; laundry, \$613; tailor shop, \$27.28; shoe shop, \$4,145; produce supplied from farm, \$6,941. Total, \$15,085.73.

In addition, liberty men cleared land, built roads, and improved the farm within the grounds of the institution, as well as completing a high wire fence for their own incarceration.

A new tobacco ration was instituted as a reward for those of good behavior. Plain, wholesome meals, many of which are prepared from home-grown products, are served. Discipline, Mr. Pooley declared, is reported excellent.

BOARD ASKING WIDER POWERS

Halibut Commission Not Able to Extend Time for Fishing Here

Only by extending the powers at present vested in the international commission on halibut fishing will it be possible to make alterations in the seasons for fishing, it was explained to a special committee of the Victoria Chamber of Commerce here yesterday, by J. F. Babcock, chairman of the commission.

The question of extending the closing date for halibut fishing in District Two, in which local fishermen are interested, was brought to the attention of the committee by P. J. Sinnott, barrister, who is acting for the fishermen. The season closes at August 25 and the fishermen want it to remain open until November 15.

Halibut fishing, it was stated, is regulated under a quota system and Mr. Babcock told the committee the commission, of which he is chairman, would have no authority to reopen the season because of the terms of the international halibut treaty. He advised, however, that efforts be made to have the treaty amended to give wider powers to the commission. The committee of the Chamber of Commerce will recommend to the directors that this course be adopted. Mr. Sinnott appeared before the committee yesterday morning.

Mr. Justice Fisher Postpones Judgment Relative to Promis Block Litigation

The trial of the action involving the ownership of the Promis Block in this city between A. C. Col, representing the estates of the Promis family, and G. E. Duke and Mrs. Duke, all of whom are California interests, has been concluded in the Supreme Court here. Mr. Justice Fisher, before whom the trial was held, reserved his judgment upon the conclusion of the argument of counsel at noon, yesterday.

Alfred Bull, K.C., and C. C. Merriam, who are counsel for the plaintiffs, addressed the court yesterday upon the merits of the case. A. D. Crease, who appeared for the defendants, with D. M. Gordon, presented his argument on Thursday. The plaintiffs set up a claim to the property on the ground that the defendant, Mr. Duke, had not carried out the terms of the agreement, under which purchase was made from the Promis estate. A sale from Mr. Duke to Mrs. Duke was also the subject of attack.

THE HERESY OF INFLATION

Inflation in the United States, or anywhere else for that matter as all experience has proved, has many dire results. It is an arbitrary enlargement of the currency without a corresponding increase in the security. The immediate effect of such a process is to lower the value of the dollar or pound as the case may be. In other words, a plan of devaluation ensues. The idea of inflation is that cheap money will raise prices because money is scarce. Inflation means that a debtor can pay his obligations at possibly three-fourths of the value of what he originally borrowed. From that it follows that the debtor gains, but, inversely, the creditor loses.

Inflation will not necessarily raise prices simply because the bulk of business is done without currency, or, in other words, by means of cheques. The United States has embarked on a policy of inflation when there is more money in the country than there was a few years ago when prices were higher. An inflationary policy is not to be confused with the relation between currency and prices holds good only when the whole volume of money plus bank credits is included, and when the "velocity" or speed with which money circulates is constant. When velocity is high a small amount of money does a great deal of work because it changes hands rapidly, and vice versa.

Inflation does not encourage investment. Bernard Baruch says that "business moves on faith in promises, and money itself is a promise." If the promise or present value of money is not to be kept, business generally will not take risks. That uncertainty prevents long term commitments, raises interest rates and destroys confidence. Those who will lose through inflation include all with money on deposit, especially in savings accounts or in trust funds. Everyone will lose who has any form of investment with a fixed cash return, such as life insurance, annuities, bonds and mortgages and other similar evidences of debt. A government, moreover, in a country where inflation prevails would pay off its bonds in devaluated money; in other words, it would repudiate a substantial portion of its debt.

It seems as if the only real beneficiaries from inflation would be debtors who could take actual advantage of the deflated money. Agile speculators and those who live by their wits could also benefit. In effect the benefits of inflation would be distributed not according to the needs of those for whose welfare it is devised, but according to the individual who can work it to his advantage. Under the process stocks would go up in price and bonds would go down, because the latter are controlled, despite what Mr. Roosevelt may think. Its stimulus is artificial and temporary. It is like a drink of whisky, and it is human nature to want another drink that is stimulating after one has been taken. In Germany, where inflation was tried, it took two years to double the currency; then two months to double it again; then two weeks to double it a third time, and two days to double it a fourth time. The United States has had a previous experience in inflation with "Continental Currency" which was ultimately redeemed at one cent on the dollar.

PALESTINE'S GROWTH

Palestine in a period of ten years has increased her population from 757,182 to 1,035,821, or a growth of 36.8 per cent. The Moslem population is 759,712; between 1922 and 1931 it had increased by 28 per cent. On the other hand the Jewish population has doubled in that period, chiefly owing to immigration. It is now 174,610. The Christians number 91,398 and have increased by 23 per cent. The estimate is that if the present rate of increase continues the Jews will have doubled their population in Palestine in nine years and the total population of the country will be doubled in 30 years.

Palestine is an agricultural country. As well as looking to the land for a livelihood 29 per cent of the population is supported by occupations connected with the preparation and supply of material substances. That means industry, trade and transport. Of this percentage the Jews furnish more than half. Only 13 per cent of the Jews subsist from agricultural pursuits, and three-quarters of them live in the towns.

The latest statistics show that Palestine has a future as a manufacturing centre. One factor in the development there has been the work for extracting salt from the Dead Sea. This is a factor which is likely to lead to increasing population. The country's economic future has some uncertainty, however, in view of the fact that the value of her visible imports is eight times that of her exports.

THE JEWISH NEW YEAR

In the felicitations which the Jews of this city are extending to each other on the opening of another year in the Hebrew calendar citizens of non-Jewish faith will readily join. Victoria has been distinguished among western cities for the high class of Jews who made their home here in its early days. They established successful business enterprises and conducted them in a way that commanded the respect of the community. Leading positions in provincial and civil life were held by members of this race. They have been active in benevolent organizations and one of them was recently given honorable mention for his philanthropy. While the number of Jews has shrunk during later years they still form an influential part of the total population.

The greetings of the New Year are, however, clouded by the hardships that are being encountered by the Jews of Central Europe, especially of Germany. The recurrence of anti-Semitism is likely to make the year 5694 a year of crisis and one of the most difficult in Jewish history. This will not directly affect the Canadian Jews. Early in its history Canada gave them a status of equality, in this respect following the example of the Old Land, and racial prejudice in

this direction will make no headway in this country, however vigorously certain elements may endeavor to fan it to a flame. Commenting on the present situation The New Outlook of Toronto says that "whatever one may feel concerning the fundamental causes of the present difficulties, he must cherish a very profound sympathy for those who, in a world where every body suffers from insecurity and apprehension, feel and know themselves to be in a peculiar way harassed and insecure." This journal expresses the right attitude of mind when it states that "it is the duty of every non-Jew who boasts any intelligence whatever to disabuse his mind of racial prejudice or religion bigotry."

WASTING TIME

In Toronto recently a British Commonwealth Relations Conference was held. The delegates gathered in a purely academic way, and for practical purposes it does not matter very much what they said. They discussed in private and then issued press communiques. In other words, where views were expressed those giving voice to them remained anonymous. Apparently Empire defence was one of the subjects discussed. A New Zealand delegate was emphatic in saying that his country's foreign policy was that of Great Britain. On the other hand, a Canadian delegate made it clear that Canada is inclined to depend to a greater degree for her protection on the Monroe Doctrine than on the British Fleet.

Canadians as a whole will hardly subscribe to this. The Monroe Doctrine does not apply to Canada. Whoever the Canadian delegate was at Toronto he does not give expression to national opinion, and that is the folly of such conferences where representatives in so many cases are simply expressing their own viewpoints. In effect, he implied that Canada's interests are more bound up with those of the United States than with the British Empire. His statement in this regard is an indication of the manner in which time is wasted in an outflow of isolated opinions at conferences, often opinions which create an entirely erroneous impression of national sentiment.

NOSTALGIA

I'm dreaming of my home town and the old brown hills.
 The sweet rain-swept Springs there, and the daffodils;
 The bluebells in the coppice and the wind-bent trees;
 Oh, the dreams of my home town are dreams like these!
 I passed by all the moor paths and the peat-stained rills,
 And left my little home town and the old brown hills.
 There were tall, slender pine trees, and clear blue skies,
 The pale sun on the hill tops—and tears in my eyes.
 I remember the white road, winding straight and wide,
 And the little grey houses on the steep hillside.
 The heather on the moorlands, and the drifting rain—
 Oh, my heart is crying out to be home again.
 —Joan Pomfret, in The Windsor Magazine.

FREEDOM

The world chatters of freedom, but it could stand no cross-examination as to what it means by freedom. When I was at school I imagined freedom would be when masters ceased from troubling, and examiners were at rest. A fish escaped out of water is not free, though it may have thought it would be. A man in the quest of some goal, and without that he is not himself, and he is not free.—Rev. H. G. Newham.

VISION

If I must stay where others take their trips
 And see the world beyond my window all,
 And make my voyages in phantom ships
 That come and go at will,
 God grant me vision where I cannot see
 And I shall learn that, like a pining torch,
 The Alpine glow may come across to me
 Upon a cottage porch.
 —Ethel Fanning Young, in The Churchman.

Note and Comment

By R. B. D.

Were I so tall to reach the pole,
 Or stand the ocean with my span,
 I must be measured by my soul.
 —Seneca (adapted).

Dear R.B.D.—Everyone seems to be familiar with the expression "standard of living." Personally, I am very hazy about it. When any one talks about a country having a high standard of living I always imagine it does itself proud, and if it cannot get everything it wants there is a row about it. Then the country with a low standard is something like a poor relation and the high standard country is sorry for the low standard country despite the fact that the low standard country seems to keep its nose in the air and act just as pleased with itself as the high standard country.

One usually supposes that a standard is a kind of model set up, arrived at or established by public opinion or common consent for the purpose of measuring up something in such a way that everybody may be able to understand just what it really means. But who can say that a "standard," as applied to "living," ever has been set up, arrived at, or established as a model by general consent?

I once asked an economist what he thought about it, and I understood a direct attack upon the standard, as a standard, should be regarded as one at all. The ordinary person, on the other hand, is not bothered much about it; quite sufficient is for him that he is free to talk about the standard of living like anyone else, and he does not ask, nor expect to be asked, what that standard really is.

But this is a kind of model set up, arrived at or established by public opinion or common consent for the purpose of measuring up something in such a way that everybody may be able to understand just what it really means. But who can say that a "standard," as applied to "living," ever has been set up, arrived at, or established as a model by general consent?

Perhaps some day you may be able to explain how really simple the meaning of "standard" really is in regard to "living"—in Canada, for instance.

C. A. HARTLEY.
 290 King George Terrace, Victoria, B.C., September 19, 1933.

The curiosity of our correspondent is justifiable, and the question he asks not easy to answer. At the same time, from a purely material point of view, there is no doubt whatever that there are standards of living, nor that they vary in different countries. The conditions of physical life in Canada are more comfortable than in most of the countries of Asia (possibly not even excepting that part of Russia which is in Europe), but if the curiosity of our correspondent applies to ethical or moral standards of life, we are not so sure.

Perhaps if the truth were known the Eskimoes or the South Sea Islanders are confident that their standards of living are superior to the standards of the people of the United States, who occasionally refer with pride to their great country as God's country. It is an established fact that people born within the Arctic Circle or in the tropics cannot live for any length of time within our so-called temperate zone. They either die from home-sickness or from tubercular diseases. Both in fiction and in fact instances of that kind have been related.

Physical environment, therefore, has a great deal to do with the establishment of standards, and our standards of living, whether superior or inferior, cannot be applied to the habits of all sorts and conditions of men. People of the Occident, who have no doubt that their institutions are vastly superior to Oriental institutions, have been trying for a century or more to convert the Chinese from the errors of their ways, but that sort of propaganda appears to have made little progress.

There is the "what" mystical word civilization as well as the indefinable phrase standard of living. The code of civilization in China is said to be the oldest in the world. If there are any truth in the dogma of the survival of the fittest, then the Oriental civilization is justified by its history. We have no desire to invite further trouble by starting another controversy (surely the most unprofitable of all human activities), but we have heard statesmen who have spent many years in China, and business men who have travelled through and sojourned in China, declare that the work of Christian missionaries has been mostly wasted upon the Chinese, who have a supreme intellectual contempt for our religion, who even look down upon us as an inferior people. It is even said that the heathen in his blindness adopts and practices all our vices and scornfully rejects all our virtues. A great English poet and philosopher expressed his opinion of the Oriental civilization by marrying a Japanese woman and taking up his permanent abode in Japan. That was a concrete expression of opinion upon the question of the standards of living.

Standards of living, like everything in this world, are constantly changing—that is considering such standards from a purely material point of view. With increase of

wealth, shorter days and hours of labor, the standards of living in this country and in the United States have been raised, if they have not been improved, immeasurably within the short space of twenty years. The standard of living of the average individual is higher than the standard of living of the privileged individual less than half a century ago. We take it that when the standards of living are discussed, the general reference is to such things. But the standards are not high enough to be universally satisfactory. All the ballyhoo about N.R.A. has for its object improvements in the standards of living in the United States. A brotherhood of nations is an unattainable ideal because the nations which believe themselves to be superior fear that their standard of living might be adversely affected if there were free intercourse between the people of all nations.

CONGRESS AGAIN ELECTS T. MOORE

Next Convention of Trades and Labor Organization to Be Held at Toronto

WINDSOR, Ont., Sept. 22 (CP).—Tom Moore, of Ottawa, perennial president of the Trades and Labor Congress of Canada, was again re-elected to that office by the convention today for the sixteenth year. Mr. Moore will guide the destinies of the congress, representing more than 100,000 Canadian workers.

P. M. (Paddy) Draper, Ottawa, was re-elected secretary-treasurer. The entire national executive was swept back into office. James Simpson, Toronto; R. J. Tallon, Montreal, and Percy Bengough, Vancouver, are the vice-presidents.

The convention will meet in Toronto next year. Just forty-nine years ago the congress was formed in that city.

Provincial executives for British Columbia, elected by the Trades and Labor Congress of Canada in convention here, were: C. Heister, Vancouver; B. D. MacDonald, Prince Rupert; R. W. Nunn, Victoria, and A. H. McLauchlan, Esplanade Bridge.

ORDERS PURCHASE OF SURPLUS FOODSTUFFS TO FEED UNEMPLOYED

WASHINGTON, Sept. 22 (AP).—Purchase of surplus foodstuffs and staples for distribution to the needy of the United States was ordered last night by President Roosevelt in a direct attack upon the economic paradox of want in a land of plenty.

He directed agricultural adjustment and Federal relief administration to speed this programme, with the direct purpose of stabilizing glutted markets and feeding the unemployed.

Salvation Army To Hold Harvest Festival Sunday

Harvest festival services will be held all day tomorrow at the Salvation Army Citadel, Broad Street, commencing at the usual hours. Major and Mrs. Dalziel, divisional commanders for Southern British Columbia, with headquarters at Vancouver, will lead all of the meetings. On Monday afternoon at 3 o'clock, Mrs. Major Dalziel will speak at a meeting in the Citadel for women only, the gathering being under the auspices of the Citadel Home League.

The sale of produce donated for the harvest festival will be held in the Citadel on Monday night at 8 o'clock. On Tuesday night, Capt. Captain Acton will give a lecture in the Citadel on Alaska and Northern British Columbia. He is the divisional commander of that territory, and his lecture will be well illustrated by lantern slides and a collection of curios.

Rev. F. Frampton To Hold Service Sunday Evening

At the First Spiritualist Church, S.O.E. Hall, Broad Street, the pastor, Rev. F. Frampton, will give an inspirational address at the Sunday evening service. Messages and clairvoyance will also be given. Mrs. Frampton will be the soloist.

On Monday evening at 7:45 o'clock, the public message circle will be held at 926 Fort Street. The pastor will be in charge. The usual Thursday evening circle and social hour will not be held this week.

KNOX Y.P.S.

Knox Presbyterian Young People's Society will meet on Monday, when Mr. James Sinclair will have charge of the devotional period. The society will be entertained by Mr. Frank Merryfield, the Cornish Wizard, and his daughter, Miss Francis Merryfield, with their magical tricks and stunts. A cordial invitation is extended to all interested. The social committee, under Mrs. Reginald Scobie, will serve refreshments.

Clubs-Societies

Fairfield W.M.S.

The monthly meeting of the Fairfield Women's Missionary Society was held on Thursday afternoon at the home of Mrs. Gerald Green, 230 Moss Street, Mrs. C. A. Fields, the president, being in the chair. After the devotional exercises, Miss Godward, of the Colonial and Continental Church Society, gave a delightful account of the Sunday school work conducted by correspondence in Saskatchewan, over 6,000 names being on the society's books.

This was followed by an address by Mrs. Jones, of Ahousa, of the work she and her husband, Rev. Joseph Jones, of the United Church, are carrying on with much success among the Indian children. In the school under their charge, the sixty boys and girls learn, in addition to the ordinary curriculum, carpentry and shoe-making. In the case of the boys, and the girls learn household duties and music. She exhibited several paintings by the students, showing artistic merit, and stated that the cedar chests made by the boys are in great demand.

A hearty vote of thanks was tendered to both speakers by the gathering. Miss Edith Hopkins was appointed treasurer to succeed Mrs. Becklake, who has left the city. After the hearing of reports and the Misspah benediction, tea was served and a social half-hour enjoyed.

Chemainus W.B.A.

The monthly meeting of the Women's Benevolent Association, No. 19, was held on Thursday evening in the K. of P. Hall, the president, Mrs. McKay, in the chair, with fifteen members present. It was decided to hold the apron sale on November 10. The review will visit St. Cecilia Review, Nanaimo, on October 22, and transportation arrangements will be completed at next month's meeting. A card party and old-time dance will be held on the second Tuesday of each month throughout the winter. At the close of the meeting refreshments were served by the social committee.

Colfax Lodge

The regular social evening of Colfax Lodge, No. 1, will be held on Tuesday evening. A unique entertainment, in the form of a "goofy frolic," has been arranged under the convener'ship of Mrs. M. Nicol, assisted by a most capable committee. This will be one hilarious evening, with "skid roads" of home-made ballyhoos, house-hoos, hot dogs, and the ever popular peanut everywhere. All members of the order are cordially invited to attend with friends and brothers. Odd Fellows are also requested to be present. The lodge meeting will open at 8 o'clock sharp, with Sister Marie Somerville presiding.

St. Paul's Guild

St. Paul's Ladies' Guild opened a series of social events planned for the fall season with a tea and musicale, held at the home of Mrs. Arthur Yates, 1111 William Street, on Thursday afternoon. Autumn flowers and foliage were used effectively in the decorative scheme. Mrs. J. Newman, Mrs. W. Rummel, and Mrs. T. Jackson presided at the tea table. Mrs. H. V. Hiltchcock assisted the hostess to receive the guests. An interesting programme was provided by Miss Evelyn Guilford, Misses Annabelle and Mary Yates and Miss Creagh.

St. Columba W.A.

The first meeting of the Winter season in connection with the W.A. of St. Columba's Church, will be held at the home of Mrs. Mayfield, Hollywood Road, on Monday, at 2:30 p.m. A good attendance is requested.

INSURANCE TAX MAY GO HIGHER

"If the governments are successful in raising the tax on insurance premiums, then these premiums will have to be increased, causing the public to pay more for their insurance or else the tax will be taken from the underwriters' commission," stated G. Raymond Smith, president of the Life Underwriters' Association of Canada, in an address to the local association yesterday in Spencer's dining-room.

Mr. Smith was making his first official visit to Victoria and left later on his return to the East. Prior to his address, Mr. Smith presented to Captain H. W. N. Moorehouse his final degree of certified life underwriter.

TAX IS DISCUSSED

"There is a direct tax on premiums," declared the speaker, "not over 2 per cent. The governments do not tax a man who invests his money in stocks, bonds and other investments, but a heavy tax is laid on men who are trying to assist their wives and children after death."

"This is not fair, and something will have to be done about it. Through the Life Underwriters' Association we are keeping the insurance business on a high ethical plane and the unscrupulous agents are being forced from positions," he stated.

ASSOCIATION OUTLINED

Mr. Smith gave a brief outline of the history of the Canadian Association. It was formed in 1906 in the East and gradually spread all over Canada. It has secured for the underwriters of today uniform insurance legislation, and such benefits as social understanding with rival agents, schools for younger salesmen and institutional advertising.

"Institutional advertising is much better than individual advertising," said the speaker.

'MAN OF IRON' TO BE TALK SUBJECT

Dr. Switzer Will Lecture on Martin Luther, Rally Day and Musical Services

Both services of the Oak Bay United Church are of special character tomorrow. In the morning the "Rally Day" service will be held. The scholars of both Granite Street and Hampshire Road Church schools will be in attendance and Superintendent H. Amas and T. S. S. Stoll will conduct the service. Miss Dermot Baillie and Mrs. J. B. Switzer will tell the children's stories, and Dr. Gerald Breen Switzer, pastor, will speak briefly. Mrs. H. J. Enoch, soprano, will sing "Thanks Be to God," and the choir will assist with an anthem.

The monthly musical service will be held in the evening. For ten minutes preceding the service the choir director, H. Russell, will lead in the singing of old favorite hymns. Dr. Switzer's evening theme will be "Martin Luther, Man of Iron." The musical numbers are as follows: Quiet orchestral prelude, trombone solo, "The Lost Chord," G. Townsend, tone poem, "Spring," A. Wakening, orchestra, anthems, "Hymn to Trinity" and "Onward, Christian Soldiers." Mrs. B. E. Lefevre, will be the evening soloist.

EDUCATION HEAD COMING TO CITY

Of special interest to Sunday school teachers and young people's leaders is the coming visit of Dr. Frank Langford, the national secretary of Christian education for the United Church of Canada. During his six days' stay on the Island Dr. Langford will speak at Nanaimo on November 1 and on the following day at some point in the Courtenay district.

On Sunday, November 5, he will preach at the First United Church in the morning and at Centennial Church in the evening, while in the afternoon a rally of Sunday school workers will be held. An effort will be made to have Dr. Langford deliver the inaugural address on Monday, November 6, of the Vancouver Teacher Training Institute.

The history of the visit of the Toronto divine has been through the Christian education committee of the Presbytery of Victoria, which also made arrangements at the recent Nanaimo meeting of presbytery to establish the Upper Island Young People's Union, to have jurisdiction north of Nanaimo.

PLACE OF CHURCH TO BE DISCUSSED

Rev. C. G. Mackenzie Has Topical Subject at Centennial - Rally Day at Morning Service

Centennial United Church will celebrate Rally Day tomorrow. At 11 o'clock the Sunday school will be united with the adult congregation, when Rev. John Robson will preside and Rev. C. G. Mackenzie will give the address.

In the evening at 7:30 Rev. C. G. Mackenzie will take as his theme "The Church at Work in the Community." The right of the church to take part in economic and political issues will be stressed in part. The music for the morning service will be an anthem by the choir, "Cherubim Song" (Bortniansky), and a solo by Mrs. H. Allison. The evening anthem will be "Come as a Willows" (Woodward), and a duet will be given by Miss Della and Frank Hollins, entitled "Come to the Temple" (Rubenstein).

CHINA INLAND MISSION

The China Inland Mission meeting in the Y.M.C.A. on Tuesday, September 26, at 8 o'clock, will be addressed by Rev. Frank Dickie, of Vancouver, formerly of China.

'Guidance' to Be Subject for Sunday Night

At Unity Centre tomorrow morning W. Newell Weston will speak on "Symbols of Perfection." In the evening at 8 o'clock his topic will be "Guidance Through Initiation." There will be a violin solo.

During the week Mr. Weston's topics will be as follows: Wednesday, 8 p.m., "Concentration and Conquest"; Thursday, 3 p.m., a healing and devotional meeting; Friday, 8 p.m., "Fundamentals of Truth." All interested persons are welcome to these meetings.

BLESSED LIFE IS THEME FOR DAY

Prof. R. M. Mobius Has Inspiring Topics - Mrs. Adeline Mobius Will Lecture Two Evenings

"The Way to the Blessed Life," a study of the technique of illumination, at 11 o'clock, and "How to Fill One's Life With Joy, Inspiration and Achievement" will be presented at the evening service tomorrow by Prof. Robert M. Mobius at the headquarters of the Divine Truth Centre, 214 Pemberton Building.

A number of instrumental and vocal solos and duets will be given at these services. "Eventide," a duet by Mr. and Mrs. Holt, and "There is a Land" (Herbert Johnson), a solo by Mrs. W. H. Thompson, will be among the selections.

Free weekly meetings on Tuesday and Thursday evenings at 8 o'clock at the new location will be addressed by Mrs. Adeline Mobius on "Christian Psychology and Metaphysics," with demonstrations by Prof. Mobius. A cordial welcome is extended to the general public.

VISITORS REMAIN FOR SECOND WEEK

Mr. and Mrs. Harrison Have Made Deep Impression at Alliance Tabernacle, Yates Street

The special services by Mr. and Mrs. Harrison will continue for another week at the Tabernacle of the Christian and Missionary Alliance, Yates Street, below Government Street.

Mrs. Harrison is an expert in chalk talks on the blackboard and has a wonderful knowledge of the Word of God, and her messages have been greatly blessed to young and old. Mr. Harrison is a born preacher who was called from his business ten years ago, along with Mrs. Harrison, to go forth and preach the gospel.

F. J. BLACKETT TO SPEAK TOMORROW AT SPIRITUAL TEMPLE

F. J. Blackett will lecture on "Manifestations" at the Spiritual Temple, Sunday at 7:30 p.m. Many points concerning the conscious and subconscious minds will be outlined. Mr. Blackett is well known for his direct method of dealing with these subjects and an interesting address is expected. Messages will be followed by other well-known medium, Mrs. McDermott.

Monday night at 8 o'clock William Reid will give a demonstration of conscious clairvoyance. This will be the first of many demonstrations to be given every Monday evening. Mrs. McDermott will also give messages on Monday. All are welcome.

BRENTWOOD PARTY

A benefit bridge party will be held by the members of the Brentwood Badminton Club, in the Women's Institute Hall, Brentwood Bay, on Saturday, at 8:30 p.m. Good prizes will be given, and it is hoped there will be a large crowd to help this worthy cause.

STEWARDSHIP IS MORNING SUBJECT

Rev. Canon F. A. P. Chadwick Will Preach at St. John's Evensong on "Great Commission"

The services at St. John's Church for the fifteenth Sunday after Trinity will consist of Holy Communion at 8 o'clock, Morning Prayer and sermon at 11, and Evensong and sermon at 7:30. The rector, Rev. Canon F. A. P. Chadwick, will preach both morning and evening. At the 11 o'clock service the sermon theme will be "Stewardship."

A short organ recital will be given by G. Jennings Burnett before the evening service, commencing at 7:15 o'clock, when the following numbers will be included: "Prelude," Burdett; "Largo," Handel; "Romance," Tours. The choir will render the anthem, "Sanctus," by Gounod, and Canon Chadwick's sermon will be entitled "The Great Commission."

The Sunday school and Anglican Young People's Association Bible Class will assemble at 10 o'clock.

SCOUTS TO CARRY COLORS AT KNOX

In Knox Presbyterian Church, Stanley Avenue, there will be a great rally service tomorrow, when the Sunday school will convene at 10:30 o'clock, and will join the regular morning worship at 11. A detachment of Boy Scouts will be in attendance and have charge of the colors. The service will be conducted by the scholars throughout, with solos, duets and special music. Lawson Farrington will preside at the organ.

The minister, Rev. J. S. Patterson, will preach at 7:30 o'clock on "Trust in the Lord and Do Good." The choir will sing "Rejoice in the Lord" (Elvey), and the guest soloist will be Mr. E. Woodward, who will sing "He Careth for You," a composition by Ellis.

Social and Personal Noes

Obypa Club Birthday

One year of activity was celebrated at the first birthday of the Obypa Club of Oak Bay at the parlors of the Oak Bay United Church. The evening's entertainment took the form of "An Indian Pow-wow," directed by Walter Housley. Also Indian pictures were portrayed by Paul Trussler and Wilfred Sumner. Refreshments were served in true Indian fashion. The present host, Walter C. Housley presented the beautiful birthday cake to the club. One little candle was conspicuous on the huge cake. The words "Obypa Club" were set out in pink on a white icing surface. The decorative scheme being tactfully carried out by Miss Beatrice Hollins. Those who served the refreshments were Mrs. G. B. Switzer, Miss Jean Smith and Miss Mabel Johnson; David Stott and Walter Housley.

W.M.S. Delegates Tell Of Organization Work

The Victoria auxiliaries of the Women's Missionary Society gathered at the Fairfield United Church, yesterday afternoon, to hear the report of the Dominion board conference presented by Mrs. W. B. Willan, of Vancouver, provincial secretary of the C.G.I.T., and Mrs. W. G. Wilson, president of the British Columbia Conference Branch.

Recounting her general impressions of the conference held in Toronto, Mrs. Willan spoke in glowing terms of the officers of the Dominion board, not because of the efficiency, though that was most evident, but especially of their consecrated stewardship. The dominating spirit of all their efforts seemed to be "They Will Be Done."

Emphasizing the importance placed upon the "Kingdom of God" movement, she quoted the definition which had been adopted. This was in part, "The Kingdom of God movement is an ideal society in which the Fatherhood of God and the brotherhood of man are a reality, and the blessings exhibited in the life of Christ become actual."

Reference was made to the new manual of the society to be published next year as a reference book for the various organizations. This will contain a history of the three uniting Women's Missionary Societies and home organizations in detail, as well as a section devoted to helpful suggestions.

LAKE HILL PLAYERS

At the annual meeting of the Lake Hill Players it was decided to carry on the work for the coming season. The following officers were elected: President, Mr. D. Vandenberg; vice-president, Mr. R. Service; secretary, Mrs. U. Richardson; treasurer, Mrs. W. Silver; honorary dramatic director, Mr. A. W. Semple; dramatic director, Mr. B. Hudson; property manager, Mr. D. Galey; newspaper reporter, Miss H. Hudson, and executive committee, Mr. P. Howell and Miss P. Crease.

PRESIDENT ELECTED

WATERLOO, Ont., Sept. 22 (CP).—Mrs. N. Willson, of Hamilton, has been elected president of the Women's Missionary Society of the Canadian Synod of the Evangelical Lutheran Church, in annual convention here.

FRASER BROS. TO END WORK

Scottish Evangelists to Give Farewell Messages at Central Baptist

This is the last week-end for the Fraser Brothers in Victoria. In the evangelistic campaign among the Victoria churches last April and May, and now through September, much blessing has rested upon the unique ministry of the visiting brethren. Tomorrow is the last Sunday of the mission in the Central Baptist Church. There will be three meetings. In the morning at 11 o'clock, the subject will be "Death, Life, Glory."

In the afternoon there will be a rally at 3, when the Fraser Brothers will give the Bible in an unusual way, that is by giving a dialogue, asking and answering questions on the doubts and difficulties of the Bible. The subject will be "The Fact of the Resurrection." At the evening service at 7:30 o'clock, the special subject will be "Sovereign Power and Free Will."

On Monday there will be a lantern lecture, given by special request, entitled "John Bunyan, His Life and Times." There will be much in this lecture which will make "Pilgrim's Progress" a new book to many, as well as give a deeper and peculiar interest to the character of John Bunyan.

Tuesday at 8 will be the climax of the closing evening of the mission and the farewell, to the evangelists as they leave on their homeward journey. An open invitation to attend is extended to all who have participated in any of the Fraser Brothers' meetings in Victoria.

Mrs. Coley To Lecture On Tuesday

Victoria British-Israel Association will be addressed by Mrs. G. E. Coley, a noted author, on Tuesday, September 26, at 8 o'clock. Mrs. Coley will take for her subject "Tempests, Earthquakes and a River." The address will be given under the auspices of the British-Israel Federation of Canada in the Macabees Hall, 724 Fort Street.

THEOSOPHICAL SOCIETY

The subject of "Aura, Light and Color" will be continued on Monday evening at the public meeting of the Victoria Independent Theosophical Society. The meeting will be held at 8 o'clock in the Jones Building, Fort Street. An address on the subject will be given, to be followed by open discussion. Visitors and inquirers cordially invited.

WORSHIP WILL BE DISCUSSED

Dr. Wilson to Query Possibility of Church Being Superseded

Sunday will be observed in many, if not most, of the churches in Canada as Rally Day Sunday, and an effort is being made to encourage all people to worship in some church, and all children to attend some Sunday school.

First United Church is joining with others in this worthy effort and would respectfully urge all people to engage in public worship in the church of their choice at least once on Sunday, and that all parents would use their influence to have the children come under regular biblical instruction in some Sunday school.

At the morning service in First United Church Rev. W. G. Wilson, D.D., will preach on the question, "Is the need for public worship passing, and will the church as now organized be superseded by something better suited to meet the changing requirements of our times?"

RALLY DAY SERVICE

At 3 o'clock there will be held a Rally Day service for the Sunday school. Promotions will take place and many interesting features will contribute to make an enjoyable and profitable hour.

At the evening service Rev. G. G. Boothroyd, B.A., D.D., will preach on "Speed and Endurance."

Music for Sunday will be as follows: Morning anthem, "O for a Closer Walk" (M. B. Foster); solo, Miss Marjorie Watson, Evening anthem, "O Lord Most Holy" (Caesar Franck); solo, Mrs. W. H. Wilson; anthem, "The Lord's Prayer" (J. H. Maunders); solo, Miss James Petrie. Organ music: Evening Prelude, 7:10 to 7:30, by Alfred Gurney, Sonata No. 12 in D Flat (J. Rheinberger); Phantasia Pastorale (Schumann); Op. 99 (Schumann) (arranged by W. T. Best); evening postlude, "Allegro Risoluto" (Rheinberger).

Afternoon Sunday school rally at 3:30. C.G.I.T. choir will sing "Sole, Jesus Has Promised My Shepherd to Be" (Harkness). Misses Eileen and Lillian Robinson. Special promotion ceremony, open to the public.

DR. LAIRD COMING TO CITY OCT. 4

Rev. Robert Laird, D.D., treasurer of the United Church of Canada, will spend a few weeks in the Columbia in the interests of the missionary and maintenance fund of the church and will visit Vancouver Island on October 4 and 5, Tuesday, September 26, at 8 o'clock. He will speak in this city on Tuesday, October 4, and on the following day at Duncan, each meeting to be in the nature of a rally for the missionary work of the church.

A method of raising money for missions, called the cent-a-meal plan, has already been adopted by fifteen congregations of the Presbyterian of Victoria. It was stated at the recent presbytery gathering in Nanaimo that under this plan, members of the family put a cent into the little box at every meal. Already more than 100,000 boxes have been distributed throughout Canada and a large amount is expected from this source.

MAINLAND MAN AT CATHEDRAL

Venerable Archdeacon F. C. G. Heathcote, of Vancouver, will preach tomorrow at Christ Church Cathedral.

The services will be Holy Communion at 8 and 9:30 o'clock, Morning Prayer at 11 and Evensong at 7:30.

Returning to West Coast

Ms. Melvin Swartout, United Church Marine Mission

Southern West Coast To Have Mission Boat

United Church Commissions Rev. W. R. Ashford With Ms. Melvin Swartout to Patrol 150 Miles From Port Renfrew to Kynquod Sound

One hundred and fifty miles of which is more than doubled during the fishing season.

FOR ISOLATED POINTS

The spiritual needs of this long front of settlement is being only measurably looked after. The present time by missions of the Anglican, Roman Catholic and United churches. The isolation of the settlements, scattered as they are along a rugged shoreline, with no other road connecting them but the oft-times troubled Pacific, has constituted a challenge to the Christian forces which the United Church has accepted. A stout vessel will enable its missionary to reach people who have hitherto been entirely or inadequately provided for.

This mission boat is particularly well adapted for the service on the West Coast. The Melvin Swartout was designed by Captain Oliver, who has done mission duty in Pacific waters for about forty years, and is a stout little vessel.

The boat was dedicated in Victoria harbor in 1930, and after service for some years, was transferred to the East Coast of the Island, Bamfield, where she is now used awaiting the arrival of Mr. Ashford, who will be her home port.

CHOIR WILL GIVE ST. AIDAN'S HELP

Metropolitan Musicians to Present Benefit Concert on Friday for Mt. Tolmie Church

Members of the Metropolitan United Church choir, with Frank L. Tupman as leader, desire to manifest their practical interest in the renovation of St. Aidan's Church which is now proceeding, and on Friday evening, September 29, will present a grand concert, assisted by other well known artists. The Metropolitan Church board has kindly granted the auditorium to be used for the purpose. There will be no charge for admission, but a free will offering will be received.

St. Paul's Offers English Service Sunday Morning

At St. Paul's Lutheran Church, morning worship on Sunday will be held in English, beginning at 11 o'clock. Pastor Schormann will preach on the subject, "Christians Are a Thankful People." Ingratitude is the Reward of the World."

Beginning with the first Sunday in October, Pastor Schormann will conduct a Bible study in the evening at 7:30 o'clock instead of the regular evening service. The subject matter of the study will be the fundamentals of the Christian faith.

ST. PAUL'S HOLD SPECIAL SERVICE

"Everybody at Church" is the slogan adopted by St. Paul's Presbyterian Church in connection with their Rally Day services on Sunday. Attractions featuring "Rally Day" will be the special order of service at 11 o'clock, when the young people will take part in the service of praise, and two Sunday scholars will read the Scriptures. The visiting soloist will be Miss Deaville, who will render two solos. The choir will also render an anthem and well known hymns. At 11:15 Mrs. Harrison will give a special talk, and at 11:30 a special service will be held. The message of the sermon "Loyalty: Loyalty to God, to Home, to Church and Country." Sunday school scholars are asked to meet at ten-thirty o'clock so as to get their attendance marks. There will be no service in the afternoon.

In the evening extra musical items will be rendered at the service, comprising the anthem, "I Will Walk by Excel, and two solos by another visiting soloist, Miss Foster. The address will be second of the pastor's series on "The Coming of Antichrist," and will deal specially with prophetic fulfillments in regard to the preparation of the world for his coming.

Reality Is Day's Topic On Sunday

"Reality" is the subject of the lesson-sermon which will be read in all Churches of Christ, Scientist, on Sunday, September 24. Among the scriptures which comprise the lesson-sermon is the following: "And we know that all things work together for good to them that love God, to them who are the called of His purpose" (Romans viii, 28).

The lesson-sermon also includes the following passage from the Gospels: "On Friday, September 28, at 8 o'clock, a lecture on "ATLANTIS, the Lost Continent," will be given by Captain H. V. S. Page, who will deal with the scientific and archaeological evidence of a great Atlantean civilization, and their bearing upon the present-day outlook.

WILL PREACH TO STUDENTS

Rally Day at Metropolitan—Madame Reese Burns to Give Recitations

The Sunday services at Metropolitan United Church will bring to a close a week's activities emphasizing Christian education. At the morning service Rev. J. Harwood A. Warr will preach on the subject, "The Child in the Midst." The choir will sing the anthem, "We Shall Dwell in the Land" (Stainer), the solo parts being taken by Miss J. Duncan and A. Curtis, and Misses L. and E. Robinson will sing as a duet, "Somebody Came" (Harkness). At 3 o'clock the church school will meet for the Rally Day service and the young people will hold an "At Home" at 4:30 o'clock, when the Charities and Nurses of the hospitals are invited to attend.

Madame Reese Burns, dramatic reader, will give "His Mother's Prayer" and "The Pearl of Great Price" at the evening service, which will be conducted by Rev. E. F. Church. Mr. Church will speak to young people on "Students' Temptations." The choir will render the anthem, "The Day is Past and Over" (Mars).

DURING THE ABSENCE OF EDWARD PARSONS ON VACATION, JACK SMITH WILL PRESIDE AT THE ORGAN. THE FOLLOWING ARE THE VOLUNTEERS FOR TOMORROW: Morning, prelude, "Intermezzo From Fourth Sonata" (J. Rheinberger); offertory, "Siciliana" (Alfred Hollins); postlude, "Allegro Moderato" (W. T. Best). Evening, (a) prelude, 7:10 to 7:30 o'clock; (b) "Lied" (L. Verner); (c) "Fantasia" (D. B. Tuckwell); (d) "St. John's" (Negro Spiritual); (e) "Home" (Where You There When They Crucified My Lord?); offertory, "Communion" (Alfred Hollins); postlude, "Prelude in E Minor" (J. S. Bach).

The adult Bible class will meet at 9:45 o'clock and the junior church will meet at 10:15 for a special service for boys and girls. On Friday the choir will present a musical concert in the church for the benefit of St. Aidan's Church.

WILL CONCLUDE SERMON SERIES

Dr. Henry to Speak at Fairfield United Church on Practical Inferences of Talks

Tomorrow is Rally Day in Fairfield United Church for both congregation and Sunday school. School will meet at 10:30 o'clock for roll call and at 11 o'clock and congregation will hold a Rally Day service in the church auditorium. The programme to be given is that prepared by the British Columbia Religious Education Council. Members of the school will take part in this interesting programme, the theme of which is "Serving Jesus Today."

At 7:30 o'clock, after the usual fifteen-minute song service, Dr. Henry will give the concluding talk of the series on "The Possibility of Character Personality," and will deal particularly with practical inferences from the preceding talks.

The special music at the morning service will be "Come Unto Me" (Bleichner) by Mrs. S. M. Marshall, and an anthem, "Comfort, O Lord" (Crotch) by the choir. At 7:30 o'clock the soloists will be Mrs. H. Bennett and Maurice Thomas, and the anthem by the choir will be "Thou Wilt Keep Him in Perfect Peace" (Williams).

A congregational social rally will take place on Tuesday evening, September 26. There will be a bright programme and refreshments.

TO TELL WHAT FAIR TEACHES

Dr. Clem Davies Will Give Impressions of Second Chicago Visit

Returned from his second trip to the Century of Progress Exposition, Dr. Clem Davies, at City Temple tomorrow night, will tell of many new impressions which he gathered during this last visit.

Dr. Davies still more positively asserts that a thoughtful study of the wonderful advances of recent years carries many lessons of hope or warning for the future, according as they may be regarded or disregarded. Dr. Davies will state his opinion that those who tell of early recovery are false prophets, and that no indications of such recovery, under present panaceas, are to be found.

At the morning devotional service Dr. Davies will tell of the religious importance of the exposition. He will speak to the topic, "A Century of Progress in Religion."

On Tuesday evening the City Temple annual banquet and anniversary concert will be held, and on Wednesday evening Dr. Davies will resume his winter course of mid-week lectures, his subject being "The N.R.A. as I Saw It."

Church Personals

Rev. W. P. McNamee, who has been supplying the United Church services at Mill Bay and Cowichan for the past three years, is retiring from that work. It was announced at the recent meeting of the Presbytery of Victoria. The pastors at Duncan and Kokallah will take over his duties.

The entrance by Rev. W. R. Brown upon the pastorate of Victoria West United Church, in addition to his work at James Bay Church, was approved by the Presbytery of Victoria at its recent meeting at Nanaimo, and his induction is expected to take place at an early date.

LOG MUSEUM HAS RELICS

Many Patrons of Saanich Fair Inspect Interesting Historic Souvenir

The Saanich Pioneer Society, last Spring, erected at Saanichton, with volunteer labor, a picturesque log house, which now contains some fascinating old-time souvenirs, including the ancient Brethour piano, more than 100 years old, that came with the family possessions round the Horn from England; an antique battle-axe of fearsome proportions, found on Jim Norris' place at Deep Cove during farming operations; an old grain mill; two yokes for oxen; one of the picturesque hand cradles that were formerly in general use in harvesting grain; early lanterns; an Indian stone pestle such as the aborigines used in milling their corn; a stone churn, such as the farmers' wives used in the 60's and 70's of last century; a spinning wheel, and numerous interesting photographs taken in the early days at the homes of pioneer settlers in the district.

OLD PRAIRIE TAVERN

There are a number of relics, also, from the old Prairie Tavern that was razed many years ago, and suspended from the rafters are two side-saddles, one used for many years by Mrs. Copeland; the other by another pioneer housewife, Mrs. Mitchell, who rode all the way into Victoria, every week, carrying her market produce in baskets hung over the pommel.

On the west wall is the handsome enlarged photograph of Mrs. S. P. Tolmie, presented the day the museum was opened. Nearby is the copper spade, used in 1911 by Hon. T. W. Paterson, then Lieutenant-Governor of British Columbia, in turning the first sod of the C.N.R. on Vancouver Island. This was presented by Mrs. Paterson.

OLD DURRANCE HOME

The old Durrance home on the West Road furnished some interesting relics, when it was being demolished. Mr. Nimmo salvaged several boards from the inside walls, papered with pages of The Victoria Weekly Standard of 1872. One of these had an article on the second session of the First Legislature of British Columbia. The Durrance kitchen rafters, fitted with pegs for bacon, have also been saved.

The outside of the building shows other relics of an historic nature: the two Gothic-shaped mullioned windows in the front of the house originally being in the first church built by the Sappers, in 1858, on the British Columbia Mainland, viz. at New Westminster. The jaunty chandelier weathered in a room of the old Brackman-Ker mill at Shoal Harbor. Carriage lanterns, converted to modern purposes with electric wiring, flank the heavy doorway. The inside lighting is from electric lights hung from a rim of the first binder used on the island.

TO HOLD TEA

The building, which has a fine air of substantial comfort, is of splendid solid construction, reproducing in detail the best type of log house used by the early settlers, with hand-split "shakes" instead of shingles, hand-dressed logs for steps, and other details in accordance with the pioneer log house. The inside walls are unplastered, and show the logs, just as did the pioneer log houses; and a great stone fireplace will furnish the heating for the Pioneer Society's meetings that will be held in the museum building throughout the winter months.

The intention is to hold a tea, before long, to introduce the hall as a social centre to the residents of the district.

Drives Himself to Work at 82

And Still Plays a Little Golf

How many of us, when we are 82, will be the equal in health and activity of this vigorous old Scottish engineer? In a letter he says: "I arrived here from Scotland on the 7th of April, 1870. I am over 82 years old. I drive my Ford car forty miles over hills and dales to a factory, and can still play a little golf. I have taken the little dose of Kruschen Salts in my cup of coffee every morning for some years, and I believe it is keeping me in good health and enabling me to keep on working at the factories as engineer."—L. WHEN WORLDS COLLIDE

By EDWIN BALMER & PHILIP WILK

CHAPTER XXVIII
Through the darkness of that moonless night Tony continued to wait. He mustered new gangs for the dreary tasks of salvage and of rehabilitating and reconstructing the shelters.

He organized, directed, exhorted and cheered men on as rain poured down again.

When light began again to filter through the darkly streaming heavens, Henderson reawoke. He found Tony drunk with fatigue, carrying on by sheer effort of will, and refusing to rest.

Henderson called some of the men who had been taking Tony's commands and had him carried bodily to bed.

Tony opened his eyes. One by one he collected the disjointed memories of the past days. He perceived that he was lying on a couch in Henderson's office in the west end of the machine shop and laboratory building. A slight noise in one corner of the room attracted his attention. A man sat there at a desk quietly scribbling, a tall, very thin man, with dark curly hair and long-lashed blue eyes. His age might have been thirty-five or fifty. He had a remarkably high forehead and slim, tactile hands. He smiled at Tony and spoke with a trace of accent.

"Good morning, Mr. Drake. It is not necessary to ask if you slept well."

Tony swung his feet onto the floor. "Yes, I think I did sleep well. We haven't met, have we?" The other man shook his head. "No, we haven't; but I've heard about you. I am Sven Bronson."

"Good Lord!" Tony walked across the room and held out his hand. "I'm surely delighted to meet the man who—" He hesitated. The Scandinavian smiled. "You were going to say, 'the man responsible for all this.'"

Tony chuckled, shook Bronson's hand, and then looked down at the bedraggled garments which only partially covered him. "I've got to find some clothes and get shaved."

"It's all been prepared," Bronson said. "The private office there's a bath of sorts ready for you and some clean clothes and a razor."

"Somebody has taken terribly good care of me," Tony said. He yawned and stretched. "I feel fine."

At the door he hesitated. "What's the news by the way? How are things?"

Beta. So he's here to make the right preparation for the party that goes on the ship; who they should be, what they should carry, and what they must do to live—if they land there."

In three days the static in the air vanished to such an extent that messages from various parts of the world became audible. Out of those messages a large map was constructed in the executive offices. It was a speculative map, and its accuracy was by no means guaranteed. It showed islands where Australia had been, two huge islands in the place of South America, and only the central and southern part of Europe and Asia. There was a blank in place of Africa, for no one knew what had happened to the

airplane flight had been made over what was the site of New York. The Hudson River valley was a deep estuary; the sea rolled up to Newburgh; and the entire coast along its new line was scoured from east-to-west-running valleys which were piled high with the wreckage of a mighty civilization. Everywhere were still foetid plains of cooling lava; and in many areas, apparently, the flow from the earth had been not molten rock but metal, which lay in fantastic and solidified seas already red with rust.

It was impossible to make any estimate whatsoever of the number of people who had survived the catastrophe. Doubtless the figure ran into scores of millions; but except in a few fortunate and prearranged places, they were destitute, disorganized and doomed to perdition of hunger and exposure.

On the tenth day the sun shone for the first time. At the end of two weeks it would have been difficult to tell that the settlement in Michigan had undergone any great calamity.

For fifteen days the earth did not cease trembling. In all those fifteen days, furthermore, there had been no visitor to the camp from the outside world, and the radio station had contented itself for the most part with the messages it received, for fear that by giving its position and broadcasting in comparative security, it might be overwhelmed by a rush of desperate and starving survivors.

At the end of three weeks one of the airplanes which had escaped the storm was put in condition, and Elliot James and Randall made a 500-mile reconnaissance. At Henderson's request the young author addressed the entire gathering in the dining-hall after his return. He held spellbound the thousand men and women, who were thirsty for any available information about the world over the horizon.

(To Be Continued)

THE WORD "ACHIEVE"
To achieve is to accomplish, to bring to a successful conclusion. And here we come closer to the origin of the word, which is "to bring to a head."

Directly we have the word from the French "achever" to finish. "Chien" the old French end as well as head, comes, however, from the Latin "caput," meaning head. The "a" is the Latin "ad" meaning to.

Somehow the word story of "to bring to a head" draws a more colorful picture of overcoming obstacles and accomplishing something than the non-communicative "achieve!"

1. A very fine forcing takeout, based as it is on three and a half honor tricks and a perfect fit with partner's bid suit.

2. Although South's hand is more than a minimum, he cannot make any other response than no trump at this point, as he does not know of his partner's splendid spade support and as he lacks support for North's suit.

3. An indirect alarm try. North does not give South a chance to show a preference between spades and hearts.

4. South rightly reads North's bid. It is based on strong spades in view of the fact that he declined to permit a choice between spades and hearts at the same level. Hence he knows no trump bid is now fully justified.

5. The conventional response.

6. An uncomprehensible double. What was expected to use for tricks is a mystery.

Of course, the play is simplicity itself. The heart suit breaks 3-3 and thus provides a place to discard the losing clubs in the declarer's

hand.

MORE AND MORE PEOPLE ARE BUYING AT "THE BAY"—THERE'S A REASON!

THREE MONTREAL
FIREMEN INJUREDMONTREAL, Sept. 22 (CP).—
Three firemen were injured in ex-
plosions and fire which caused
\$30,000 damage to a row of flats on
Park Avenue here yesterday.
All tenants rushed outside after
one explosion, believed to havebeen caused by a back draught in
the heating apparatus, threw flames
against the woodwork of one of the
flats and set the building ablaze.
Firemen J. Adam, P. de Coteau
and J. Larocque were injured by
falling bricks.
"I'm sorry I married you," she
sobbed bitterly.
"Oh!" he lunged back. "You were
no young bird when I married you."
"No," she retorted, "but consider-
ing what I got, you must admit I
was an early bird."

What Today Means

"LIBRA"

If September 23 is your birthday,
the best hours for you on this date
are from 7:45 to 8:40 a.m., from 11
to 11:30 a.m. and from 3:40 to 4:30
p.m. The danger periods are from
2 to 3 p.m., from 5 to 5:40 p.m. and
from 7 to 7:30 p.m.
You may find yourself on this
date, forced to act quickly and with-out being in possession of all the
facts pertaining to the matter at
hand; make your decision fearlessly
and do not let yourself get rattled.
Although the ultimate results of
your action will not be definitely
known for some time, you will find
immediate evidences that will serve
to guide you. Criticism of your
family to others will bring trouble.
The child born on this September
23 will, in all probability, not get
along well with those of its own sex,
regardless of their age. The suc-
cess or failure of this little one atschool will be determined largely on
its teachers. The teacher who can
gain the respect and admiration of
this little one will succeed in in-
spiring it to do its best work. In-
clined to be temperamental.
If September 23 is the date of
your birth, your outstanding char-
acteristic is an absolute fairmind-
edness which is beyond question.
Never do you give a decision on any-
thing without first having carefully
weighed both sides of the question.
You should succeed in any line of
work which would enable you tobring about justice and fair play.
In the courtroom as judge or lawyer,
as an arbitrator, you will give all par-
ties an even break and keep every-
body happy. You are an intelligent
person, an avid reader and a con-
scientious student of human nature.
Born on September 23, you will
always derive a great deal of joy
from your work. You will, as a
rule, put your very best into your
work, with no thought for material
gain; things will come your way in
abundance. A goodly supply of all
that is good. You will never give upyour ideals, for more than likely
you will come early in life to feel
that perfection can be attained in a
large measure if constantly and
spiritually striven for. You are a
deeply religious person, and unlike
most people, you are able to find
all about you evidences of the pres-
ence of a supreme Being. The only
time you will ever be in danger of
losing your head will be in the mat-
ter of affairs of the heart. Here you
are inclined to be impetuous and
unreasoning, and unless you "puton the brakes" you may find your-
self plunged into the divorce courts.
SLIPPED UNDER CAR
VANCOUVER, Sept. 22 (CP).—E.
Zhata, four-year-old Japanese, was
killed instantly, last night, when he
slipped beneath the wheels of a
street car, while crossing in the 400
block Main Street.
"The cans will not make a boy
learn quicker." But it makes him
smart.

SEVENTY-SEVEN TEAMS ENTER CITY CAGE LEAGUE

Victoria to Oppose New Westminster in Canadian Rugby Opener Today

Local Gridders In Great Shape For First Game

Starting Line-Up Announced by Manager Ken Scace—Team Will Average 171 Pounds in Weight—Firemen's Band to Attend—Play Will Be Described

Everything is ready for the grand opening of the Big Four British Columbia Canadian Rugby season, this afternoon, at Royal Athletic Park, at 3 o'clock, when Victoria battles the husky New Westminster squad. Mayor David Leeming will perform the opening ceremonies by kicking off the ball to send the teams into action. The Firemen's Band will be in attendance and will play popular numbers before the game and during the intervals. A large crowd is expected to be on hand. A play-by-play description will be given to fans at the park.

One of the keenest bunch of boys ever to represent Victoria will take the field against the Royal City aggregation. Trained to the last minute and with a number of plays entirely new to local grid followers, the locals are going out to try to take the Mainlanders into camp by as wide a margin as possible in order to go to the Royal City with a fine lead for the home-and-home series. The winners of the Victoria-New Westminster struggle will battle with the winners of the Victoria-Vancouver game in the Western Canada play-downs and the right to journey farther in the Canadian championships.

SEVERAL NEW PLAYERS

Victoria will have several new faces on the line-up today, and Manager Ken Scace expects a decisive victory. For several weeks past, under the coaching of Dr. John Sturdy and Manager Scace, the boys have been put through many strenuous workouts, a great deal of signal practice, and have chalk talks after each of the practices. At last night's final workout, the players showed that they had gained a complete understanding of the various plays, and performed together in great style. Little is known about the New Westminster squad, but reports from the Mainland state that a formidable and well-trained team will be coming over. A large number of last year's players are again on the Royal City line-up.

Line-up of the Victoria team, with the numbers of players, follow: Centre, Doanell (18), Usher (23); Inside wings, De Blacque (13); B. Lowe (24), Drysdale (22), Gould (11); middle, Rogers (14), Colgate (8), Graham (18), Featherstone (9), Clayton (12); ends, Rob-

FRANK GRIBBLE

Star halfback of the Victoria Canadian Rugby team, who, in addition to his other activities, will be throwing the forward pass in today's game against New Westminster at Royal Athletic Park.

ers (20), McInnes (21), Cox (17), Simpson (6), quarters, Slips (16), J. Stewart (4); halfbacks, Lemm (7), Gribble (2), Latta (1), S. Gaunt (5), Rogers (10), Imrie (3).

Neil Watson, Vancouver, will referee, and Dick Wilson, Victoria, will umpire. Harold Tait will be head linesman, and Clare McConnell, timekeeper.

FOOTBALLERS TO COMMENCE SEASON TODAY

Two Fixtures Mark Opening of Pacific Coast League This Afternoon

Association football will step in line with other fall and winter sports this afternoon when two matches will mark the opening of the season in the Victoria and district division of the Pacific Coast League. Saanich Thistles will journey to Esquimalt to meet the Dockers, last year's league winner, on the new Bullen Memorial Park grounds at 3 o'clock, while Victoria West and Victoria City will battle it out at the same hour at Heywood Avenue. John McKinnon will handle the game in Esquimalt, while Dave Swan will be in charge of the whistle in the city.

Plenty of new material will be introduced to the fans, practically all the teams having signed some of last year's juniors and new arrivals in the city. Louis De Costa, sensation of many a hard-fought game last season, will be guarding the net for Esquimalt, while at Victoria, Buzz Evans, Max Williams and Hicks will form the half line, while Jimmy Worswick, Mike Wagland, Dick Miller, John Wain and "Scotty" Stewart will work on the front rank.

THISTLES STRONG

Saanich Thistles are under a new manager this season and on paper look like one of the strongest teams representing the suburban district in years. Jack Price, a former player on the same club, has succeeded Harold Earle as manager, and will select his starting team from the following: Wally Rowe, Sammy Egan, George Leggett, Joe Crowe, Ronnie Williams, Glen Robins, Eddie Viggers, Edgar Borden, Fred Price, Fred Gibbons, Jim Crowe and Alex Duncan.

Bert Wetherall, manager of Victoria City, has discarded several of last year's veterans and installed a lot of new material, most of it young blood. The exact starting line-up of the City has not been announced but the following will be in uniform, ready for action: Griffiths, Moody, Wyatt, Pavin, Macge, McMillan, Murray, Sage, Purnell, Holmes, Harper, Collins and Robertson. Players are asked to turn up at the Veterans of France at 2 o'clock.

J.B.A.A. TO WORK OUT

A workout of the J.B.A.A. senior 'B' and intermediate Rugby teams will be held this afternoon, at the Oak Bay Park, at 3 o'clock. All of last year's players and others interested are asked to turn out.

Who's Who With Washington Senators

BOB BOKEN
Robert Anthony Boken, utility Washington infielder, was born in Maryville, Ill., February 23, 1909, of Lithuanian parentage.

He served two years in the bush leagues before joining the Kansas City American Association club in 1931. Last winter the Senators bought him but did not use him until the present campaign was a month old.

Boken played brilliantly this year while substituting for Buddy Myer. Boken is six feet one and one-half inches tall, weighs 170 pounds and is a right-hander.

ED CHAPMAN
Edwin Volney Chapman, right-handed Washington pitcher, was born in Courtland, Miss., November 28, 1906.

Graduating from Mississippi State University, he turned professional and pitched for the next seven years in various minor leagues.

In August of last season, while a member of the Rochester International, Chapman was purchased by the Senators.

Chapman is six feet one inch tall, weighs 186 pounds, and bats both right and left handed.

FRED SCHULTE
Frederick William Schulte, Washington centre fielder, opened his eyes for the first time in April, 1913, January 13, 1904.

Breaking in with the Waterloo, Iowa, team, he was a sensation, was quickly sold to the Milwaukee American Association team and soon after to the St. Louis Browns.

In the Reynolds-West-Coolin trade last winter he came to Washington and has been a star hitter for the Senators this season.

Schulte is a six-footer, weighing 190 pounds. He throws and bats right handed.

Macdonald's Squad And Buckerfields Will Clash Today

Second of Provincial Softball Finals Billed at Central Park at 3:15—Local Nine Favored to Capture Honors

Supremacy in British Columbia softball circles will be decided this afternoon on the upper grounds of Central Park, when Macdonald's Service Station nine, holders of the city and Island crowns, will clash with Buckerfields, Vancouver titleholders. In the second game of the two-out-of-three series at 3:15 o'clock. The local squad won the first game played on the Mainland, Wednesday, by a 2 to 1 score, and a victory will settle the outcome. A third game, if necessary, will follow on the same grounds. Bob Whyte and Joe Williams will handle the games, while Larry Kennedy will do the refereeing. Moir pitched great ball all season and expects to bring Macdonalds through. Chuck Chapman will be at first, Noel Morgan at second, George Robertson at short and Tommy O'Connell at third base.

LOCALS FAVORED

After their thrilling victory in the opener, Macdonalds are slight favorites to capture the provincial honors. For years local teams have reached the final, but so far have been unsuccessful. Eric Moir will go to the mound for the gasmen, while Larry Kennedy will do the refereeing. Moir pitched great ball all season and expects to bring Macdonalds through. Chuck Chapman will be at first, Noel Morgan at second, George Robertson at short and Tommy O'Connell at third base.

For outfield duty, the locals have Bill Shoultice, Monty Montesi, Bill Champion, Tommy Monaghan, and Les Kennedy. The starting line-up of Buckerfields is not yet known, but the same team which opposed Victoria on the Mainland is expected to start here.

ARMORE CLUB FINALS PLAYED

Pat Hope and Miss Diana Fraser Win Golf Titles Over New Sidney Course

Playing close to par golf all the way, Pat Hope won the Armcore Club championship, at Sidney, recently, when he defeated A. Dieldal in the eighteen-hole final after a close battle. Hope succeeds T. Sisson as titleholder and will hold the handsome Fredericks Cup for the ensuing year as a token of his victory. Sisson was unable to defend his crown this year owing to sickness.

Miss Diana Fraser, seventeen-year-old golfer, won the women's club title by defeating Mrs. W. T. Sisson in the eighteen-hole final. Last year's titleholder, Mrs. McAlraith, was beaten in the semi-final by the new champion. In the men's second flight final, Rev. T. M. Hughes will meet Rev. J. B. A. Bastin, while Miss Margaret McDowell will meet Mrs. H. North in the women's second flight final.

O. Wardill Heads Nanaimo Badminton

NANAIMO, Sept. 22.—O. Wardill was elected president of Nanaimo Badminton Club. Other officers are: A. Hitchen, vice-president; H. Jones, secretary; M. Blunt, J. F. Parkinson, J. H. Conway, the ladies' secretary, E. Grey and D. Cruickshank, executive committee. Play will commence October 3.

Ada Mackenzie Wins Women's Closed Golf

Toronto Star Defeats Margery Kirkham 2 and 1 in Final—Players Display Poor Form—Large Gallery Follows Match

ST. CHARLES COUNTRY CLUB, WINNIPEG, Sept. 22 (CP).

The most spectacular golf club has played in two weeks of competition, here, tonight crowned Ada Mackenzie, Toronto, queen of Canadian women golfers, with brilliant 2 and 1 victory over Margery Kirkham, Montreal, in the final, today, produced her fifth Canadian women's closed title, to add to the open championship she won from the Montrealer at Pine Ridge, here, last week.

Two holes, forfeited when she grounded her club in hazards, prevented her winning earlier, for she was never down to the former open champion, and after the fourth hole forced steadily to victory.

But both players displayed poor golf under perfect weather conditions, as they turned in medal scores for the first nine of 43 for Miss Mackenzie and 44 for Miss Kirkham. Each had only five pars, but the Toronto girl had three birdies to her challenger's one sub-par figure.

Miss Mackenzie displayed unusual steadiness on the greens and consistently outdrew Miss Kirkham, who over-ran the cup and chipped her approaches too far. But the Toronto Ladies Golf and Tennis Club member could not avoid hooking her irons and her ball found bad lies in several fairways.

SPECTACULAR RECOVERY

A large gallery got their greatest thrill on the ninth, when the defender, who was only one up on Miss Kirkham, got out of trouble with a spectacular loft from behind over-ran the green and, but Pones, a tree through the top branch and then sank an eighteen-foot putt for a birdie four, to make the turn with a two-hole margin.

Two up at the end of the twelfth, Miss Mackenzie lost one hole of the lead when her iron struck the roadway beyond the green and she forfeited the hole. She took the next stroke of luck that put her three up. Her tee shot on the short fifteenth over-ran the green and came to rest in the rough, thirty feet from the flag. The champion coolly chipped a clever approach that rolled into the cup for a birdie two. She was dormie three.

Again she was forced to forfeit a hole when her third struck the sand in a bunker at the sixteenth. Miss Kirkham narrowly missed cutting the defender's lead down when her chip approach nearly found the cup on the seventeenth. She picked up her ball and congratulated her vanquisher.

LOCAL HOOPSTERS WILL OPEN SEASON EARLY IN OCTOBER

Four Teams More Than Last Year Will Seek Various Division Titles—Special Committee and Executive to Approach Island Body Regarding Outlaw Situation Here

LIST OF TEAMS

Twenty-seven quintettes, four more than last year, will face the barrier in the Victoria and District Basketball League race this season. When the entry list closed at last night's general meeting at the Y.M.C.A., the complete list of squads was released by President Jack Taylor and Secretary Bill Erickson, and the season will get under way during the first week of next month with a select programme of games scheduled at the Victoria High School gymnasium. The meeting decided to appoint a committee of five, along with the league executive, to draw up proposals, agreements and recommendations to be sent to the Vancouver Island Basketball Association regarding the stand the locals will take this season. For some time last year and already this season, Victoria threatened to play outlaw ball if certain concessions were not granted them by the Island and provincial bodies.

On the special committee named, the Sunday school and Saanich leagues, along with other local delegates, will have something to say when they approach the Island body. Fred Harding, Sunday School League; Percy Reeves, Saanich League; Gordie Woolridge, J. A. Barnwell and Les Gordon, Island delegate, were selected on the committee.

RIBBONS IN FIGHT AGAIN

Blue Ribbons, winners of the Canadian senior crown last season, will have some opposition in the men's senior "A" division with Silingers and the Beavers entered. Although the Ribbons have lost the two Patricks, Lynn and Muzz, they have new material and hope to fight gamely to retain their local, Island, British Columbia and Dominion laurels.

The senior "B" women's league contains five strong teams and a great race is expected. Rayshines, last year's victors, have been taken over by the Pantoum, while Dady's Cookies have taken over the Harmony squad of a year ago. Advertis, a new entry, is made up of the Cookies and J.B.A. Whites.

Telephones Win From Asahis in Second Play-Off

VANCOUVER, Sept. 22 (CP).

Telephones took a two-game lead in the series for the British Columbia senior baseball title when they defeated the Asahis 6-4 in ten innings here tonight.

The Japanese came from behind in the last half of the ninth to score two runs and win the game, but Pones put over two counters in their half of the extra inning to win.

PHILADELPHIA, Sept. 22 (AP).

Huck Betts pitched unbeatable ball in the tight spots today and Boston Braves came through despite Austin Moore's six-hit fling to defeat the Phillies 3-0 in the opener of a three-game series. It was the only major league game of the afternoon and attracted 2,000 fans, even though it was in the day.

The victory was the third straight for the Braves and their second shutout in succession. They remained, however, two games behind a first division berth.

Up to the ninth inning, Randy Moore's homer in the fourth was the only tally of the mound duel. Then Joe Mowry started off with a walk, Bill Urbanski tried a sacrifice and both runners were safe when Haslin dropped Austin Moore's throw to second. Randy Moore pushed them along with a sacrifice down the first base line and Dick Jordan followed with a single that drove in the last two runs.

Three snappy double plays by the Phils off other Boston threats.

While Betts "bore down" to halt the Phillies every time they looked dangerous. In the third, Chick Fullis started off with a triple, but was left stranded, and four other times the Phils managed to push a runner around to third without getting a run. In the ninth, Finch Hitters Al Todd and Harry McCurdy came through with a pair of singles, the tenth and eleventh hits off the Boston flinger, and Fullis sacrificed, but Dick Bartell lined to Randy Moore for the third out.

OLIVER HANGS UP GOLF MARK

Assistant Pro at Colwood Bags Three Birdies, Eagle and Par on Long Holes

An eagle, three birdies and a par, a total of fifteen strokes for five holes was the record hung up by Jack Oliver, assistant to Alex Marling, professional at the Royal Colwood Golf Club, yesterday afternoon, while enjoying a round with Randy Marling, son of the club pro. Oliver's card for the last nine, including his three, remarkable string of five threes, was 21, one of the lowest cards turned in on the back journey for a long time.

Although Oliver's outgoing nine was nothing to boast about, the assistant professional broke loose with some sensational golf on the last part of the route from the thirteenth hole on. He birdied the lake hole with a three, and then capped an eagle three on the long fourteenth. Oliver got his par three at the short fifteenth and then finished his scoring feat with successive birdies on the sixteenth and seventeenth.

After hearing of the performance of his assistant, Alex Marling made the announcement that he would give a special prize to anyone equalling it.

ROUGHRIDERS STRENGTHENED FOR GRID WAR

Ottawa Has Many New Players on Line-Up for Big Four Campaign

OTTAWA, Sept. 21 (CP).—Ottawa Roughriders, looking back on four dreary, winless seasons in the Big Four—years when they were the doormat of the league—have stepped out this fall with the avowed intention of putting the Capital back on the football map, and they may do it.

First of all they engaged as coach Wally Masters, formerly of Pennsylvania half-back, one of the outstanding stars in the Big Four last fall until sent into eclipse by charges of professionalism. Then they dipped into the lair of Hamilton Tigers, taking Dave Sprague, one of the greatest linemen in Canada; Art Tedford, and Will Patterson. Also from Hamilton they got George Sprague and Al Tedford.

And to top it off, they have five United States players, one of them, Abe Ellowitz, rated the best full-back in the Middle West, last year, when he played for Michigan State.

HAS BIG SQUAD

For a month Masters has been willing a squad of forty men on the campus of Ashbury College. The team was in excellent condition for so early in the season when it scored a 18-7 victory over Balmy Beach last Saturday in the first exhibition game.

Masters, picked by some judges as all-American class in his last year at Penn, has built up his team from the backfield. His rear division probably will be formed of Ellowitz, a left-foot kicker; Lorne Johnson, formerly of Temple University; Bud Andrews, of Penn State Military College, and slender Andy Murray, only one of them not rating a bachelor of arts degree at least.

Shouting the signals will be Patterson, ex-Tiger. He will share the forward passing duties with Johnson. Holding up the centre of the line will be Jack Kille, last year with Penn State. Flanking him at inside right will be Art Tedford and Lew Bruce, one of the few home-grown players on the starting team.

At middles will be Dave Sprague and Tom Graham, 200-pound giant, who played last year for Temple University. Patrolling the ends will be two more home-breds, Frank Quinn and Rick Perley.

BADMINTON MEETING

A meeting of the St. Matthias Badminton Club will be held in the church hall, corner of Richmond Avenue and Lillian Road, Poul Bay, on September 27 at 8 o'clock, when the election of officers for the season will take place.

MRS. E. JACKSON CAPTURES CITY GOLF HONORS

UPLANDS CHAMPION TRIUMPHS AGAINST MRS. HEW PATERSON

Captures Crown Which Has Evaded Her in Years of Championship Play by 6 and 5 Victory Over Home Course—Miss Daphne Allen Wins First Flight at Twenty-Second

After years of unsuccessful attempts to lift the women's city golf championship, Mrs. E. Jackson, medalist and holder of the Uplands Club crown, came through in glorious fashion yesterday afternoon over her home course when she played brilliant golf in defeating Mrs. Hew Paterson, Oak Bay veteran star, and three-time champion, in the eighteen-hole final, 6 and 5. Three times in past years the Uplands titleholder reached the final, but fate was against her and the crown always evaded her efforts, until yesterday when she stepped from the thirteenth green victor over such a fine and determined player as Mrs. Paterson. In the first flight final, Miss Daphne Allen, young Oak Bay competitor, came through over Mrs. A. Dowell at the twenty-second hole after the longest battle of the tournament.

Fred C. Dillabough, president of the Uplands Club, presented the championship trophy to Mrs. Jackson, and highly congratulated her on her sensational golf throughout the week. He also had a word of praise for her opponent, as well as the various flight winners. From the opening day, which was Monday, Mrs. Jackson assumed the role as pace-setter, winning the medal honors by four strokes, and then moving her way through a strong field to the title, one she has always cherished.

PLAYS BRILLIANTLY
Although a heavy wind swept over the links, the brand of golf, especially by the new titleholder, was of a high standard. Mrs. Jackson fought a game but losing battle against one of the most polished women golfers in the province. The Uplands player was constantly out-driving her opponent from the tees, while her second and iron were just short of perfection. The best part of the winner's game was her steady approach and putting. Only once did her putter fall her, and that was on the long twelfth, when she had a chance to end the match, but she three-putted from twenty-five feet.

Catching a trap with her second, Mrs. Jackson lost the first hole. Mrs. Paterson played it perfectly and capped her lead for a while. Both went over par on the second, with Mrs. Jackson squaring the match with a five to her opponent's six. A par five gave Mrs. Jackson the lead at the third, one she never gave up for the rest of the journey. The short fourth was halved in perfect figures, both getting down in four.

INCREASES LEAD
Mrs. Jackson banged three woods to the fifth green and went down in two putts to go up two. She won the hole with a five to Mrs. Paterson's six. Still playing as steady as ever, the Uplands champion put a birdie on the sixth to increase her lead, while the next hole, the long seventh, was halved in seven. Mrs. Jackson went out of bounds with her drive, but was on in four and stymied her opponent to gain a half. Both had good drives at the eighth. Mrs. Jackson caught a bunker on the left with her second, while Mrs. Paterson just barely missed it. Mrs. Jackson dubbed her second and then discarded her niblick for her putter in the trap and ran her ball within inches of the flag to gain a half in fives.

Mrs. Jackson again outdrove Mrs. Paterson at the short ninth. The latter was short to the right and

was forced to use an iron to run her ball to the green as the low branches of the pine trees stopped her from pitching. Mrs. Jackson chipped over the trap with a mashie-niblick and sank a long putt for a birdie three, while Mrs. Paterson was dead for a par four. With a win at this hole, the Uplands star headed for the back stretch holding a four-up lead.

RAIN FALLS
As the pair drove off the tenth, rain started to fall heavily, and soon the comparatively large gallery was sheltered under umbrellas. Mrs. Jackson laced out a long drive, while Mrs. Paterson topped hers and another her second. Mrs. Jackson won the hole with a par five and took the next with a par three after approaching dead from the edge of the carpet. The long twelfth was halved in sixes, after Mrs. Jackson had a great chance to end the battle, but she three-putted. It was still raining at this stage, but as the pair went to the thirteenth the sun broke through the clouds and the rain halted suddenly.

Two final drives were sent from the thirteenth with Mrs. Jackson out in front. Both were strong with her second and the hole was finally halved in par fours and Mrs. Paterson walked over to shake Mrs. Jackson's hand as a token of victory, as she needed a win to stay in the fight.

Mrs. B. R. Philbrick refereed and the cards follow:

VINES STATES TEAM "TREATED LIKE BABIES"

United States Davis Cup Squad Ordered From Theatre to Hotel After First Act—Want Youthful Viewpoint

NEWPORT, Sept. 22 (AP).—Ellsworth Vines today frankly discussed the reasons for the American Davis Cup team's failure after obtaining a pledge publication of his remarks would be deferred until the end of his 1933 campaign, which came when Jack Tidball beat him in the quarter-finals of this week's Pacific Southwest tournament at Los Angeles.

"We were not good enough in Paris to beat the English Davis Cup players," Vines said during the casino interview, "but there were several factors in the preparation of the team that militated against

our success. For one thing, we were treated like babies.

SEE FIRST ACT
"One night we went to the follies and the first act ended at 10:30. We were bundled out of the theatre to our hotel on a sizzling night. We tried to sleep but couldn't do it.

"The air of super-seriousness that marked all our actions was depressing. George Lott, Wilmer Allison, Johnny Van Ryn and myself had been through this Davis Cup play previously and we didn't have to be convinced of its seriousness. There were phases of the training that were not to the best interests of the team.

"The best plan for the United States to follow next year is to select a man with a youthful viewpoint, a man possessing international background, to direct the team in the Davis Cup challenge."

FRED PERRY AND SATOH WILL MEET

English Ace to Meet Japanese for Southern Tennis Championship

By PAUL ZIMMERMAN Associated Press Sports Writer.

LOS ANGELES, Sept. 22 (AP).—Repeating their performances of a year ago, Frederick Perry, of England, and Mro Satoh, Nipponese netter, took comparatively easy strides into the finals of the Pacific Southwest men's singles tennis championship today.

Perry, the defending champion, defeated Lester Stoeft, tall Los Angeles youth, 6-0, 8-6, 6-1. Satoh also won in straight sets, defeating Jack Tidball, United States inter-collegiate champion, 6-3, 6-4, 6-2.

In overcoming Stoeft, Perry defeated the man he eliminated in the semi-finals of the American championship, which he captured, breaking through Stoeft's service three times.

PERRY BRILLIANT
Perry collected twenty-five places in the three-set contest against fourteen of his opponents. Only thirty out and twenty-seven sets were chalked up to Perry, as compared with Stoeft's forty-seven out and thirty-five sets.

Tidball, who had eliminated Mro Vines Jr., in the quarter-finals, found the stoical Satoh too clever for him.

The first championship of the tournament was decided when Miss Elizabeth Ryan, of California and England, and Miss Alice Marble, of San Francisco, defeated Miss Dorothy Round and Miss Mary Heeley, who defeated Mro Vines Jr. in land, 6-1, 6-2.

Ellsworth Vines, Jr., and Miss Elizabeth Ryan also advanced to the finals of the mixed doubles after a hard struggle with Stoeft and Carolyn Babcock, Los Angeles, 4-6, 6-4, 6-4. Miss Ryan and Vines will meet Mro Round and Perry, who defeated Mro and Mrs. John Van Ryn, Philadelphia, 6-4, 8-6.

SOCCER PLAYERS GIVEN SUSPENSION

PORT OF SPAIN, Trinidad, Sept. 22 (CP).—Heaviest punishment in history of local soccer was meted out to three players of Everton and one of Casuals, following a decision given by the Trinidad Amateur Football Association's "Football Court," which inquired into the recent riot here, begun when Alfred Charles, Everton's captain, and Noel Lewis, Casuals' captain, punched each other.

Alfred and Frank Charles, both of Everton, were suspended until 1935, while Leo Norris, Everton, and Lewis were laid off until 1934.

The rival captains intend to concentrate on other games in the meantime—Charles on cricket and Lewis on Rugby.

ROYAL CITY MEN EXPECT VICTORY

Grid Squad to Meet Victoria Today Is Light, but Has Powerful Backfield

VANCOUVER, Sept. 22 (CP).—With a rather light, but sturdy, line, and a fast-stepping, powerful backfield, New Westminster Canadian footballers left here, tonight, for Victoria, where they will open the British Columbia season against the Island team.

Although their line averages only 170 pounds, the Royal City squad claim their hard tackling and speedily-executed plays will more than make up for any disadvantage in weight they may encounter in the Island game. And with a powerful backfield, claimed equally fast, Westminster squad is set to start the season with a win.

PROBABLE LINE-UP
Probable starting line-up for tomorrow includes Nelson Rainbow at snap, flanked by Reg and Bob Hale, middles; Warren and Douglas will cover up at ends with Des-Briary and Meek inside. Max McDonald is expected to take on the flying wing position and McKellar will call off the plays at quarter.

Fire alternatives who will probably see action along with the original line-up include McLeod, Heikle, Mac McRae, Harris, and Swanson.

France and U.S. Divide Opening Pro Net Series

PARIS, Sept. 22 (AP).—France and United States today divided the opening singles matches of a Franco-American pro tennis series, in which Henri Cochet, France's leading amateur player for several years, made his professional debut.

Cochet defeated Bruce Barnes, former University of Texas player, 6-4, 5-7, 6-4, 0-6, 6-3. In the first secretary-treasurer match, H. L. Campbell, L. A. Crogan, K. Rowe, tournament committee, it was decided that four players would constitute a team and matches would be home-and-home games played on the Monday or Tuesday (to be decided by the committee) of each week. The league already has an entry of twelve teams and applications must be in the hands of the secretary, Lionel Cox, 1131 Burdell Avenue, or phone Empire 7638, by September 26.

LEWIS PINS ROEBUCK

STOCKTON, Calif., Sept. 22 (AP).—Ed "Strangler" Lewis, Glendale heavyweight, took two out of the three falls to defeat Tiny Roebuck, Indian, in a wrestling match here tonight. Lewis won the first fall with a flying headlock in 19 minutes 2 seconds. Roebuck rallied to win the second in 2 minutes 47 seconds with a wricklock. Lewis won the third fall in 6 minutes 46 seconds with a headlock.

KEATING BADMINTON
The annual meeting of the Keating Badminton Club was held recently and the following officers were elected: President, Miss Constance Wright; secretary-treasurer, Miss Alice Bryan; committee, Miss V. A firm advertised for a stenographer and next morning was overwhelmed with applicants. The office boy was told to admit no more.

Shortly after the aggressive lady arrived, and pushing her way past the others, demanded to see the boss. By this time the office boy had grown deaf to all protestations, and had but one answer.

"Not today, madam," he said.

"Not today, madam," was the inexorable answer.

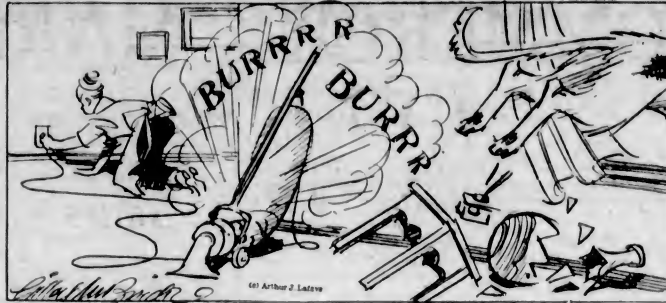

"I see you've got the right kind of car."
"Yes—I invested in an Austin."

Little Bedtime Stories

Peter Outwits Jimmy Skunk

By THORNTON W. BURGESS

As Peter Rabbit drew near, Jimmy Skunk looked up and grinned. "Well, Peter," said he, "this is the reward of patience. There is nothing like patience and perseverance. I have had quite a hunt for Mrs. Slow Poke, but I've found her at last. When I saw Slow Poke this morning I thought Mrs. Slow Poke wouldn't be a great distance away. You see, I was right, quite right."

Jimmy grinned. "It does me just this much good," said he, "it encourages me. If Mrs. Slow Poke has laid her eggs they are not very far from here, or I am no judge of other people. When I met Mrs. Slow Poke just now, she was hurrying. At first she didn't see me and I watched her. It was as plain as the nose on your face. Peter, that she was doing her very best to get away from somewhere as fast as possible. Now, Mrs. Slow Poke doesn't need to be afraid of anybody. You know that, I know it. So does she know it. Therefore, it wasn't fear for herself that was making her hurry so and giving her such an anxious look. Mrs. Slow Poke was hurrying to get away from some particular place, and that particular place was the place where she has buried her eggs. Be a good fellow, Peter, and help me look for them."

There he sat and watched Jimmy Skunk through half-closed eyes. spot where the eggs were hidden and sat down on it just as he had done when Uncle Billy Possum had been looking for them. There he sat and watched Jimmy Skunk through half-closed eyes, the most innocent looking rabbit ever was.

Next story: What a Little Shower Did.

One morning a boy approached his schoolmaster's desk and asked for a new pen-nib. Given it, he threw the old nib on the floor. With weary sarcasm the master inquired: "Is it that, Jones, that makes you throw your nibs on the bottom of the cage?"

The next day the schoolroom blind became wedged, and after one of the boys had failed to ease it, the master climbed on to the radiator and, gripping the water-pipe, settled the blind easily. As he dusted his hands his eye met that of Jones, who remarked brightly: "I see you can still climb all right, sir!"
